WHEREAS, to permit voluntary school prayer, through legislation, also is a matter of decision that evokes an emotional response by both proponents and opponents alike, and has therefore become special and unique in public importance; and

SUBSTITUTE OFFERED

Rep. Johnson (Roy) offered the following substitute to the bill, H. 598:

A BILL TO BE ENTITLED AN ACT

To provide that the department of economic and community affairs shall be the administrative state agency for contracts for sales of certain state property heretofore administered by the finance department; to provide for orderly transfer of certain properties and funds from the finance department to the department of economic and community affairs; to authorize the department of economic and community affairs to prescribe procedures, rules, and regulations for the administration of such contracts; to provide for collection of certain administrative fees associated with such contracts; to provide that said department shall be designated as the state agency for distribution of federally donated surplus property; to prescribe penalties for violations of this act; to provide for certain personnel for the department of economic and community affairs, and to specifically repeal Article 5, Chapter 16, Title 41, of the Code of Alabama, 1975.

Be It Enacted by the Legislature of Alabama:

Section 1.

(a) The director of the department of economic and community affairs shall be responsible for the distribution, sale, transfer, or disposal of all surplus personal property owned by the state and all right, title, and interest in said property shall be transferred to said department for such purpose. The director may delegate to the chief of the surplus property division such supervision and control of the distribution, sale, transfer, or disposal of the aforementioned state owned surplus personal property.

(b) The meaning of certain words as used in this act are as follows:

(1) Division — shall mean surplus property division of the department of economic and community affairs.

(2) Coordinator — shall mean that officer or employee who shall be designated by the head of each department, board, bureau, commission, institution, corporation, or agency of the state, in writing, to the division, to be the personal property management coordinator.

(3) Surplus Property — shall mean that property declared by the personal property management coordinator of each state department, bureau, board, commission, or agency to be surplus and so designated in writing to the chief of the division.

(4) Eligible Agency — shall mean any city, county, board of education, volunteer fire department, civil defense agency, or state department, board, bureau, commission, or agency that is not found to be in violation of divi-

sion rules and regulations during the 12 months immediately preceding the intended purchase.

(c) The coordinator shall report to the surplus property division of the department of economic and community affairs any personal property declared surplus by his department, board, bureau, commission, institution, corporation, or agency and make said property available to the division.

(d) The division shall be authorized to promulgate such administrative rules and regulations as deemed necessary including, but not limited to: (1) promotion of the sale of surplus property; (2) shipment of surplus property; (3) storage of surplus property; (4) length of retention of surplus property; (5) public auction of surplus property; (6) such other rules and regulations as, from time to time, may be determined to be necessary to implement the provisions of this act.

(e) The division shall have authority to sell surplus property at fair market value, as established by the division and set out in its published rules, to incorporated cities, counties, volunteer fire departments, boards of education, civil defense agencies and state departments, boards, bureaus, commissions, or agencies prior to sale of same by public auction. Payment for purchases by any of the above mentioned entities shall be made within 72 hours after such purchase. If payment is not made within 72 hours after a purchase, then such purchase shall be declared void and the property may be sold to another purchaser, prior to public auction.

Section 2.

(a) Surplus property shall be made available at such times and places as determined to be appropriate by the division for inspection and acquisition by eligible agencies.

(b) The division shall periodically publish a list of all surplus property held by it at the time of such publication.

(c) The published list shall be made available to all eligible agencies.

(d) The division will determine the manner in which the list of surplus personal property shall be published.

(e) The division shall not be authorized to handle or dispose of any regulated hazardous materials.

Section 3.

(a) The division shall be authorized to collect reasonable fees subject to restriction hereinafter contained in this act, for transfer, handling, shipping, classification, warehousing, bidding, destruction, scrapping, or other disposal of property and such other fees as may be deemed appropriate in order to insure the continued efficient operation of the surplus property function of the department.

(b) The division shall establish two accounts within the state treasury for the operation of the surplus property function as follows: (1) The first account shall be known as the federal surplus property account into which all moneys received from the distribution of federally donated surplus property shall be deposited; (2) The second account shall be known as the state surplus property account into which all moneys received from the distribution of state owned surplus property and any funds appropriated from the state general fund for the operation of the surplus property function shall be deposited.

(c) Any moneys deposited into either of the aforementioned accounts may be expended from time to time by the department for operation of the surplus property function including, but not limited to, repairs, salaries, rent, travel, and all other necessary operating expenditures subject to restrictions hereinafter contained in this act; providing, however, that on September 30 any unencumbered moneys remaining in the state surplus property account, up to an amount equal to the operating expenses of the quarter ending on September 30, shall be set aside for use during the quarter beginning October 1 for the purposes heretofore stated and any remainder shall revert to the state general fund. The federal surplus property account shall be a perpetual account, and funds therein shall not revert to the state general fund.

Section 4.

The following provisions of this section shall apply only to that property that has been held by the division for a period of not less than 60 days from the date said property is first published in the list of surplus property, as set out in Section 2(b), and not purchased by any eligible agency as set out in Section 1(e) of this act.

(a) All contracts made by, or on behalf of, the state of Alabama, or any department, board, bureau, commission, institution, corporation, or agency thereof, of whatever nature, for the sale or disposal of tangible personal property owned by the state of Alabama, other than (1) alcoholic beverages, (2) products of the Alabama Institute for Deaf and Blind, (3) barter arrangements of the state prison system, (4) books, (5) school supplies, (6) food, (7) property used in vocational projects, (8) livestock, (9) property owned by any state college or university not under the control of the board of education of the state of Alabama, which has trade-in value which may be credited against the cost of replacement property purchased in accordance with the Alabama competitive bid laws, and (10) types of property, the disposal of which is otherwise provided for by law or which, by nature, are incapable of sale by auction or bid, shall be let by free and open competitive public auction or sealed bids.

(b) Every proposal to make a sale covered by this section shall be advertised for at least two weeks in advance of the date fixed for receiving bids. Such advertisement shall appear at least once a week for two consecutive weeks in a newspaper of general circulation in the county where the sale is to be made, and a copy of such proposal shall simultaneously be posted on a readily accessible public bulletin board at the main office of the chief of the division. Advertisements for bids shall state the item or items to be sold, by class and description, where the property is located and the dates, time, and place the property may be inspected. The advertisements shall further state the date, time, and place of auction or opening of sealed bids, and no bid shall be received at any time after the time advertised.

(c) The bids shall be publicly taken or opened, in case of sealed bids, by the chief of the division and all bidders shall be entitled to be present in person or by representative.

(d) The award of the contract shall be made to the successful bidder within 72 hours after taking of the bids.

(e) The bid of the successful bidder so marked, as well as the bids of the unsuccessful bidders in the case of sealed bids, shall be placed on file open to public inspection and shall become matters of public record.

(f) If a successful bidder shall fail to accept award of a contract, then he

shall be prohibited from bidding at any sale held by the division for a period of 12 months following such failure to accept.

(g) The chief of the division may sell all items by lot or by individual item, whichever method, in his opinion, will bring the highest return for the items so advertised.

(h) In the event all bids received are less than the estimated market value of the property, the chief of the division may reject all bids and readvertise or sell by negotiated sale; provided that, in the event the property is sold by negotiated sale under the provisions of this section, the value received must be more than the highest bid or bids received.

(i) Nothing herein shall be construed to prevent the chief of the division from contracting with the highest bidder for any type of property to sell to that bidder all of that type of property, which can be reasonably sold on a continuous basis, at his bid price during that fiscal year providing such possible arrangement was included in the initial request for bids.

(j) All property advertised under the provisions of this section shall be available for inspection during the normal state office hours and at whatever place advertised for at least 48 hours prior to sale.

(k) All property sold under the provisions of this section shall be paid for by the purchaser or his representative by cashier's check, bank draft, certified check, U.S. currency, or notarized letter of credit from a licensed banking institution stating that the holder may purchase surplus property and also stating a maximum amount, at the time of acceptance of bid and award of contract, and said removal shall be not later than seven days after the awarding of the contract; provided, however, that the time limit of seven days shall not be applicable to sales of standing timber.

(l) All proceeds from sales made under the provisions of this section shall be paid into the state treasury or other legally authorized depository to be credited to the proper fund as set out in Section 3(b) prior to final distribution as set out in Section 4(p).

(m) No officer or employee of the state of Alabama or any of its departments, boards, bureaus, commissions, institutions, corporations, or agencies shall act as agent for any bidder; provided, however, that such officers or employees shall not be excluded from bidding on or purchasing state property at public auction or sealed bid.

(n) Any sale of tangible personal property or standing timber of the state made in violation of the terms of this act shall be null and void, and the person or persons responsible for the violation shall be subject to actual damages in addition to punitive damages of not less than \$1,000.00 which shall be recovered for the state of Alabama by the attorney general by civil action in the circuit court of Montgomery county. Any moneys recovered by the attorney general under this section shall be equally divided between the office of the attorney general and the state general fund.

(o) The provisions of this act shall not apply to the sale of diseased, storm or fire-damaged timber, nor shall it apply to timber cut on rights-of-way or easements. Such timber may be sold or otherwise disposed of in such manner as the commissioner of conservation and natural resources deems in the best interest of the state; provided, that no sale of diseased timber shall be made until the state forester shall certify that such timber is diseased, and such certification shall be in written form and filed with the director of finance.

(p) Whenever any surplus property that was purchased with either earmarked state funds or restricted federal funds is sold by the division, the proceeds from such sale, less administrative expenses, unless constitutionally prohibited, shall be deposited to the credit of the specific fund of the state departments, commissions, boards, bureaus, institutions, corporations, or agencies from which the original purchase of such property was made. If the source of the original purchase of the property was a general fund appropriation, then said sale proceeds, less any administrative fee, as set out in the rules authorized to be promulgated by the division, shall be credited to the general fund. In no event shall the said administrative fee, as mentioned above, exceed twenty-five percent (25%) of the gross sale price.

(q) Violation of any of the provisions of this act shall constitute a Class C felony punishable as prescribed by law.

Section 5.

All personnel, including those on personal service contracts, working within the surplus property division of the department of economic and community affairs at the passage of this act shall, by virtue of this section, be considered to meet the requirements of the department in terms of education, training, and experience and shall automatically be placed within the state merit system by the director of the state personnel department with permanent status with all the rights and privileges thereof and shall enjoy the same employment and retirement privileges and rights as the legislature may determine from time to time or as may be otherwise determined by law or administrative rule or regulation according to the rules and regulations of the personnel department of the state of Alabama. All new future employees of the surplus property division of the department of economic and community affairs shall be required to meet the requirements of the state merit system.

All present employees of the surplus property division of the department of economic and community affairs shall remain in their respective positions and continue to enjoy employment conditions including, but not limited to, salary range and advancement at a level no less than those enjoyed prior to the passage of this act. However, nothing herein shall be construed to prevent or preclude the removal of an employee for cause in the manner provided by law.

Section 6.

All appropriations heretofore made to the finance department for administering the disposal of surplus property under Article 5, Chapter 16, of Title 41, Code of Alabama, 1975, shall be transferred to the surplus property division of the department of economic and community affairs, along with all personnel, records, accounts, equipment, and such other necessary things connected with the surplus property operation as determined by the finance director.

Section 7.

The temporary state plan of operation for the state agency for federal property assistance which was approved by the governor of Alabama on July 14, 1977, and accepted by the general services administration on September 14, 1977, shall become the permanent state plan of operation; provided, however, the division shall have authority, with approval of the governor, to revise said plan from time to time in accordance with regulations as established by the general services administration pursuant to Public Law 94-519 which governs the distribution of federal surplus property.

Section 8.

The provisions of this act are severable. Should any part hereof be declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 9.

All laws or parts of laws in conflict herewith are hereby repealed and the provisions of Article 5, Chapter 16, Title 41, of the Code of Alabama, 1975, are hereby specifically repealed.

Section 10.

This act shall become effective October 1, 1984.

H. 598 TEMPORARILY POSTPONED

On motion of Rep. Johnson (Roy), the bill, H. 598 and the pending substitute were temporarily postponed.

REPORT OF THE STANDING COMMITTEE ON RULES
ON ENROLLED AND ENGROSSED BILLS

Mr. Speaker:

Your Standing Committee on Rules begs leave to report that said committee, in session, has compared the following engrossed bill with the original bill and finds same correctly engrossed, to-wit:

H. B. 555. To provide for a special recording fee, in addition to all existing recording fees and charges for documents hereafter filed for record in Pickens County; and to prescribe the use thereof.

JIMMY CLARK,
Chairman.

And the bill, H. 555 as engrossed, was sent to the Senate.

SPECIAL ORDER RESUMED

And the bill:

S. 54. To provide further for funding of legislative services and to establish procedures therefor.

WHEREAS, operational expenses and all other financial obligations of the Legislature are derived from the state's General and Special Educational Trust Funds and must therefore be budgeted in advance, as is the case with all state departments similarly funded; and

WHEREAS, the Legislature, however, and perhaps more often than any other department or agency, is required by law to respond to emergency situations which can neither be foreseen nor budgeted in advance; and

WHEREAS, most particularly in recent years, the Legislature, through no fault of its own, has been increasingly faced with situations of an emergency nature including but not limited to numerous unplanned extraordinary sessions and the subsequent costs thereof; and

WHEREAS, the Legislature, in order to meet such financial obligations, has therefore been forced to pass supplemental appropriation bills; this of course places demands upon both the General Fund and the Special

Educational Trust Fund with the attendant risk of proration, a situation abhorrent to the citizenry of this state; and

WHEREAS, in a sincere effort to eliminate the on-going and ever-increasing problems relative to legislative funding, it is the intent of this Act to provide a funding formula that is both workable and responsible; now therefore,

Was read a third time at length and passed.

compliance with federal laws regulating same; and to further regulate exceptions and exemptions.

SUBSTITUTE OFFERED

Rep. Buskey (James) offered the following substitute to the bill, H. 66:

A BILL
TO BE ENTITLED
AN ACT

To amend Sections 32-9-1 and 32-9-20, Code of Alabama 1975, relating to motor vehicle sizes and weights, so as to further regulate the sizes and weights of motor vehicles on highways in Alabama; to provide for compliance with federal laws regulating the same; and to further regulate exceptions and exemptions.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 32-9-1, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-9-1. Trailers, when used in a truck tractor-semitrailer-trailer combination, may be operated on the national system of interstate and defense highways, highways with four or more lanes and other highways designated by the highway director. The highway director shall, as a minimum, designate those highways necessary to cause the state of Alabama to be in compliance with federal laws. Additionally, the highway director shall designate such highways of this state as may be necessary for use of twin trailers when such highways are needed for the delivery of twin trailers manufactured by Alabama firms.

"Except as provided above, No no person shall operate any trailer, as defined in this title, on any highway unless such trailer is operated for the purpose of constructing highways or other facilities of the state or a political subdivision thereof. The highway department is authorized to regulate the movement of such trailers from one job to another by special permits issued in the same manner as permits are issued under section 32-9-29. No trailer or semitrailer of any kind shall be used for the hauling of passengers for hire except as provided by article 2 of this chapter.

"The provisions of this article relating to trailers shall not apply to the movement over the highways of trailers manufactured, reconditioned or repaired in this state when reasonably necessary for the delivery of such trailers to the owners or purchasers thereof outside the state; provided, that such movement shall be subject to special permit to be issued without cost by the director of the highway department. Such permits may be issued and may be renewed upon such terms and conditions, in the interest of public safety and the preservation of the highways, as the director of the highway department may in his discretion require, and he may designate the route over which such trailers may be moved and the hours of movement thereof."

Section 2. Section 32-9-20, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-9-20.

"It shall be unlawful for any person to drive or move on any highway in

this state any vehicle or vehicles of a size or weight except in accordance with the following provisions:

~~“(1) WIDTH. — No vehicle shall exceed a total outside width, including any load thereon, of eight feet. No vehicle shall be driven or drawn upon a highway with more than four animals abreast. No passenger vehicle shall carry any load extending beyond the line of the fenders. No vehicle-hauling forest products or culvert pipe shall have a load exceeding 102 inches in width; provided, that these limits shall not be permitted on any interstate or defense highways where such limits are prohibited by federal statute.~~

“(1) WIDTH. — Vehicles and combinations of vehicles, operating on highways with traffic lanes less than twelve feet in width, shall not exceed a total outside width, including any load thereon, of 96 inches, exclusive of mirrors or other safety devices approved by the state highway department. Vehicles and combinations of vehicles, operating on highways with traffic lanes twelve feet or more in width, shall not exceed a total outside width, including any load thereon, of 102 inches, exclusive of mirrors or other safety devices approved by the state highway department. No passenger vehicle shall carry any load extending beyond the line of the fenders. No vehicle hauling forest products or culvert pipe on any highway in this state shall have a load exceeding 102 inches in width.

“(2) HEIGHT. — No vehicle, or semitrailer or trailer shall exceed in height 13½ feet, including load.

“(3) LENGTH. — No vehicle shall exceed in length 40 feet; except, that the length of semitrailer-trucks, including any part of the body or load, shall not exceed 60 feet, but exclusive of detachable wind deflection devices which have been approved by the state highway department semitrailers, including load, used in a truck tractor-semitrailer combination, shall not exceed 50 feet and semitrailers and trailers, including load, used in a truck tractor-semitrailer-trailer combination, shall not exceed 28-½ feet each. For purposes of enforcement of this subdivision, lengths of semitrailers and trailers refer to the cargo carrying portion of the unit. No truck tractor-semitrailer combination or truck tractor-semitrailer-trailer combination used exclusively for transporting motor vehicles shall carry any load extending more than three feet beyond the front of such combination. No other vehicle operated on a highway shall carry any load extending more than a total of five feet beyond both the front and rear, inclusive, of the vehicle. Nothing in this subdivision shall be construed to deny the operation of any length of vehicle or combination of vehicles which could be lawfully operated prior to the effective date of this act.

“(4) WEIGHT.

“a. The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 20,000 pounds, or such other weight, if any, as may be permitted by federal law to keep the state from losing federal funds; provided, that inadequate bridges shall be posted to define load limits.

“b. For the purpose of this section, an axle load shall be defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle.

“c. Subject to the limit upon the weight imposed upon the highway through any one axle as set forth herein, the total weight with load imposed upon the highway by all the axles of a vehicle or combination of vehicles

"Except as provided by special permits, no vehicle or combination of vehicles exceeding the gross weights specified above shall be permitted to travel on the public highways within the state of Alabama.

"No vehicle or combination of vehicles shall be permitted to operate on any portion of the interstate highway system of Alabama that shall have a greater weight than 20,000 pounds carried on any one axle, including all enforcement tolerances, or with a tandem axle weight in excess of 34,000 pounds, including all enforcement tolerances, or with an overall gross weight on a group of two or more consecutive axles produced by application of the following formula:

$$W = 500 \left(\frac{LN}{N - 1} + 12N + 36 \right)$$

where W=overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of any group of two or more consecutive axles, and N = number of axles in group under consideration; except, that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each, provided consideration; except, that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each, provided the overall distance between the first and last axles of such consecutive sets of tandem axles is 36 feet or more; provided, that such overall gross weight may not exceed 80,000 pounds, including all enforcement tolerances. Nothing in this section shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of those permitted under 23 U.S.C. section 127. If the federal government prescribes or adopts vehicle size or weight limits greater than or less than those now prescribed by 23 U.S.C. section 127 for the national system of interstate and defense highways, the increased or decreased limits shall become effective on the national system of interstate and defense highways in this state. Nothing in this section shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the highways and roads of this state on January 4, 1975.

"d. For purposes of enforcement of subdivision (4) of this section, all scaled weights shall be deemed to have a margin of error of 10 percent of the true gross or axle weights.

"e. Dump trucks, dump trailers, concrete mixing trucks, fuel oil, gasoline trucks and trucks designated and constructed for special type work or use shall not be made to conform to the axle spacing requirements of paragraph (4) c of this section; provided, that such vehicle shall be limited to a weight of 20,000 pounds per axle plus scale tolerances; and, provided further, that the maximum gross weight of such vehicles shall not exceed the maximum weight allowed by this section for the appropriate number of axles, irrespective of the distance between axles, plus allowable scale tolerances. All axles shall be brake equipped. Concrete mixing trucks which operate within 50 miles of their home base shall not be required to conform to the requirements of paragraph (4) a of this section; provided, that such vehicles shall be limited to a maximum load of the rated capacity of the concrete mixer, such true gross load not to exceed 66,000 pounds, and all such vehicles shall have at least three axles, each with brake equipped wheels. It shall be a violation if such vehicles named under this subdivision travel

upon bridges designated and posted by the highway director as incapable of carrying such load.

"f. If the driver of any vehicle can comply with the weight requirements of this section by shifting or equalizing the load on all wheels or axles and does so when requested by the proper authority, said driver shall not be held to be operating in violation of this section.

"g. When portable scales are used in the enforcement of the provisions of this section, the axles of any vehicle described or commonly referred to as tandem or triaxle rigs or units (that is, vehicles having two or more axles in addition to a steering axle), the group of tandem or triaxles shall be weighed simultaneously, and the total weight so derived shall be divided by the number of axles weighed in the group to arrive at the per axle weight, except that if any one axle in the group exceeds 20,000 pounds in weight, it shall not exceed the weight of any other axle in the group by more than 50 percent. When portable scales are used to determine the weight of a vehicle pursuant to this section, the operator of the vehicle will be permitted to move the vehicle to the nearest platform scales certified by the department of agriculture and industries and operated by a bonded operator within a distance of 10 highway miles, accompanied by an enforcement officer to verify the accuracy of the portable scales used in determining the vehicle weight. If the weight of the vehicle is shown by the platform scales to be within the legal limits of this section, the operator of the vehicle shall not be held to be in violation of this section.

"h. The governing body of a county, by appropriate resolution, may authorize limitations less than those prescribed herein for vehicles operated upon the county highways of such county.

"i. The state highway department, for cause, shall have the right to post or limit any road or bridge to weights less than those prescribed by this section. It is the legislative intent and purpose that the provisions of this section be rigidly enforced by the state highway department, the department of public safety and any other authorized law-enforcement officers of the state, any county or city and incorporated towns.

"j. Two and three axle vehicles being used exclusively for the purpose of transporting agricultural commodities or products to and from a farm and for agricultural purposes relating to the operation and maintenance of a farm by any farmer, custom harvester or husbandman may not be made to conform to the axle requirements of paragraph (4) a of this section or the gross weight requirements of paragraph (4) c of this section."

Section 3. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 4. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

MESSAGE FROM THE SENATE

Mr. Speaker:

The President and Presiding Officer of the Senate having signed the following Senate Bill, your signature thereto is requested:

S. 54. To provide further for funding of legislative services and to establish procedures therefor.

WHEREAS, operational expenses and all other financial obligations of the Legislature are derived from the state's General and Special Educational Trust Funds and must therefore be budgeted in advance, as is the case with all state departments similarly funded; and

WHEREAS, the Legislature, however, and perhaps more often than

any other department or agency, is required by law to respond to emergency situations which can neither be foreseen or budgeted in advance; and

WHEREAS, most particularly in recent years, the Legislature, through no fault of its own, has been increasingly faced with situations of an emergency nature including but not limited to numerous unplanned extraordinary sessions and the subsequent costs thereof; and

WHEREAS, the Legislature, in order to meet such financial obligations, has therefore been forced to pass supplemental appropriation bills; this of course places demands upon both the General Fund and the Special Educational Trust Fund with the attendant risk of proration, a situation abhorrent to the citizenry of this state; and

WHEREAS, in a sincere effort to eliminate the on-going and ever-increasing problems relative to legislative funding, it is the intent of this Act to provide a funding formula that is both workable and responsible; now therefore,

MCDOWELL LEE,
Secretary.

H. 81 RESUMED

The question was then on the adoption of the substitute reported by the Standing Committee on State Administration, said committee substitute being as follows:

A BILL TO BE ENTITLED AN ACT

To amend Chapter 7 of Title 32 of the Code of Alabama 1975 commonly known as the Motor Vehicle Safety-Responsibility Act by amending Sections 32-7-5, 32-7-6, 32-7-16 and 32-7-23 thereof so as to increase the amount of property damage which must be sustained to require an accident report to be filed and to provide what the term "uninsured motor vehicle" shall include under the uninsured motorist coverage section of the Motor Vehicle Safety-Responsibility Act, increases the amount of payment on judgments necessary to satisfy the requirements of the Motor Vehicle Safety-Responsibility Act, and to increase the minimum amount of liability required under a motor vehicle liability policy under the Motor Vehicle Safety-Responsibility Act.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 32-7-5, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-5. The operator of every motor vehicle which is in any manner involved in an accident within this state, in which any person is killed or injured or in which damage to the property of any one person, including himself, in excess of ~~\$50.00~~ \$250.00 is sustained, shall within 10 days after such accident report the matter in writing to the director. Such report, the form of which shall be prescribed by the director, shall contain only such information as may be necessary to enable the director to determine whether the requirements for the deposit of security under section 32-7-6 are inapplicable by reason of existence of insurance or other exceptions specified in this chapter. The director may rely upon the accuracy of the information unless and until he has reason to believe that the information is erroneous. If such operator is physically incapable of making such report, the owner of the motor vehicle involved in such accident shall, within 10 days after learning of the accident, make such report. The operator or the owner shall furnish such additional relevant information as the director shall require."

Section 2. Section 32-7-6, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-6. (a) Security required unless evidence of insurance; when security determined. If 20 days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any one person in excess of ~~\$50.00~~ \$250.00, the

director does not have on file evidence satisfactory to him that the person who would otherwise be required to file security under subsection (b) of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the director shall determine the amount of security which shall be sufficient in his judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

“(b) Suspension — The director shall, within 60 days after the receipt of such report of a motor vehicle accident, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the director; provided that notice of such suspension shall be sent by the director to such operator and owner not less than 10 days prior to the effective date of such suspension and shall state the amount required as security. Where erroneous information is given the director with respect to the matters set forth in subdivisions (1), (2) or (3) of subsection (c) of this section, he shall take appropriate action as hereinbefore provided within 60 days after receipt of him of correct information with respect to said matters.

“(c) Exception — This section shall not apply under the conditions stated in Section 32-7-7 nor:

“(1) to such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

“(2) to such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

“(3) to such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgement of the director, covered by any other form of liability insurance policy or bond; nor

“(4) to any person qualifying as a self-insurer under section 32-7-34, or to any person operating a motor vehicle for such self-insurer.

“No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state; except, that if such motor vehicle was not registered in this state; or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in this state, shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; provided, that every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than \$19,000.00 \$25,000.00 because of bodily injury to or death of one person in any one accident and subject to said limit for one person, to a limit of not less than \$20,000.00 \$50,000.00 because of bodily injury to or death of two or more persons in

any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than ~~\$5,000.00~~ \$10,000.00 because of injury to or destruction of property of others in any one accident."

Section 3. Section 32-7-16, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-16. Judgments herein referred to shall, for the purpose of this chapter only be deemed satisfied:

"(1) when ~~\$10,000.00~~ \$25,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or

"(2) when, subject to such limit of ~~\$10,000.00~~ \$25,000.00 because of bodily injury to or death of one person, the sum of ~~\$20,000.00~~ \$50,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

"(3) when ~~\$5,000.00~~ \$10,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

"Payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this section."

Section 4. Section 32-7-23, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-23. (a) No automobile liability or motor vehicle liability policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits of bodily injury or death set forth in subsection (c) of section 32-7-6, under provisions approved by the commissioner of insurance for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom; provided, that the named insured shall have the right to reject such coverage; and provided further that unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with the policy previously issued to him by the same insurer.

"(b) The term 'uninsured motor vehicle' shall include, but is not limited to, motor vehicles with respect to which: (1) neither the owner nor the operator carries bodily injury liability insurance; (2) any applicable policy liability limits for bodily injury are below the minimum required under section 32-7-6; (3) the insurer becomes insolvent after the policy is issued so there is no insurance applicable to, or at the time of, the accident; (4) the owner or operator of the vehicle causing the accident is unknown; (5) the sum of the limits of liability under all bodily injury liability bonds and insurance policies available to an injured person after an accident is less than the damages which the injured person is legally entitled to recover."

Section 5. This Act shall become effective immediately following its

passage and approval by the Governor or upon its otherwise becoming a law.

SUBSTITUTE OFFERED

Rep. Johnson (Roy) offered the following substitute #2 to the bill, H. 598 and the pending substitute:

**A BILL
TO BE ENTITLED
AN ACT**

To provide that the department of economic and community affairs shall be the administrative state agency for contracts for sales of certain state property heretofore administered by the finance department; to provide for orderly transfer of certain properties and funds from the finance department to the department of economic and community affairs; to authorize the department of economic and community affairs to prescribe procedures, rules, and regulations for the administration of such contracts; to provide for collection of certain administrative fees associated with such contracts; to provide that said department shall be designated as the state agency for distribution of federally donated surplus property; to prescribe penalties for violations of this act; to provide for certain personnel for the department of economic and community affairs, and to specifically repeal Article 5, Chapter 16, Title 41, of the Code of Alabama, 1975.

Be It Enacted by the Legislature of Alabama:

Section 1. (a) The director of the department of economic and community affairs shall be responsible for the distribution, sale, transfer, or disposal of all surplus personal property owned by the state and all right, title, and interest in said property shall be transferred to said department for such purpose. The director may delegate to the chief of the surplus property division such supervision and control of the distribution, sale, transfer, or disposal of the aforementioned state owned surplus personal property.

(b) The meaning of certain words as used in this act are as follows:

(1) Division — shall mean surplus property division of the department of economic and community affairs.

(2) Coordinator — shall mean that officer or employee who shall be designated by the head of each department, board, bureau, commission, institution, corporation, or agency of the state, in writing, to the division, to be the personal property management coordinator.

(3) Surplus Property — shall mean that property declared by the personal property management coordinator of each state department, bureau, board, commission, or agency to be surplus and so designated in writing to the chief of the division.

(4) Eligible Agency — shall mean any city, county, board of education, volunteer fire department, civil defense agency, or state department, board, bureau, commission, or agency that is not found to be in violation of division rules and regulations during the 12 months immediately preceding the intended purchase.

(c) The coordinator shall report to the surplus property division of the department of economic and community affairs any personal property de-

clared surplus by his department, board, bureau, commission, institution, corporation, or agency and make said property available to the division.

(d) The division shall be authorized to promulgate such administrative rules and regulations as deemed necessary including, but not limited to: (1) promotion of the sale of surplus property; (2) shipment of surplus property; (3) storage of surplus property; (4) length of retention of surplus property; (5) public auction of surplus property; (6) such other rules and regulations as, from time to time, may be determined to be necessary to implement the provisions of this act.

(e) The division shall have authority to sell surplus property at fair market value, as established by the division and set out in its published rules, to incorporated cities, counties, volunteer fire departments, boards of education, civil defense agencies and state departments, boards, bureaus, commissions, or agencies prior to sale of same by public auction. Payment for purchases by any of the above mentioned entities shall be made within 72 hours after such purchase. If payment is not made within 72 hours after a purchase, then such purchase shall be declared void and the property may be sold to another purchaser, prior to public auction.

Section 2. (a) Surplus property shall be made available at such times and places as determined to be appropriate by the division for inspection and acquisition by eligible agencies.

(b) The division shall periodically publish a list of all surplus property held by it at the time of such publication.

(c) The published list shall be made available to all eligible agencies.

(d) The division will determine the manner in which the list of surplus personal property shall be published.

(e) The division shall not be authorized to handle or dispose of any regulated hazardous materials.

Section 3. (a) The division shall be authorized to collect reasonable fees subject to restriction hereinafter contained in this act, for transfer, handling, shipping, classification, warehousing, bidding, destruction, scrapping, or other disposal of property and such other fees as may be deemed appropriate in order to insure the continued efficient operation of the surplus property function of the department.

(b) The division shall establish two accounts within the state treasury for the operation of the surplus property function as follows: (1) The first account shall be known as the federal surplus property account into which all moneys received from the distribution of federally donated surplus property shall be deposited; (2) The second account shall be known as the state surplus property account into which all moneys received from the distribution of state owned surplus property and any funds appropriated from the state general fund for the operation of the surplus property function shall be deposited.

(c) Any moneys deposited into either of the aforementioned accounts may be expended from time to time by the department for operation of the surplus property function including, but not limited to, repairs, salaries, rent, travel, and all other necessary operating expenditures subject to restrictions hereinafter contained in this act; providing, however, that on September 30 any unencumbered moneys remaining in the state surplus property account, up to an amount equal to the operating expenses of the quarter ending on September 30, shall be set aside for use during the quar-

ter beginning October 1 for the purposes heretofore stated and any remainder shall revert to the state general fund. The federal surplus property account shall be a perpetual account, and funds therein shall not revert to the state general fund.

Section 4. The following provisions of this section shall apply only to that property that has been held by the division for a period of not less than 60 days from the date said property is first published in the list of surplus property, as set out in Section 2(b), and not purchased by any eligible agency as set out in Section 1(e) of this act.

(a) All contracts made by, or on behalf of, the state of Alabama, or any department, board, bureau, commission, institution, corporation, or agency thereof, of whatever nature, for the sale or disposal of tangible personal property owned by the state of Alabama, other than (1) alcoholic beverages, (2) products of the Alabama Institute for Deaf and Blind, (3) barter arrangements of the state prison system, (4) books, (5) school supplies, (6) food, (7) property used in vocational projects, (8) livestock, (9) property owned by any state college, university, two year college, or technical school, and (10) types of property, the disposal of which is otherwise provided for by law or which, by nature, are incapable of sale by auction or bid, shall be let by free and open competitive public auction or sealed bids.

(b) Every proposal to make a sale covered by this section shall be advertised for at least two weeks in advance of the date fixed for receiving bids. Such advertisement shall appear at least once a week for two consecutive weeks in a newspaper of general circulation in the county where the sale is to be made, and a copy of such proposal shall simultaneously be posted on a readily accessible public bulletin board at the main office of the chief of the division. Advertisements for bids shall state the item or items to be sold, by class and description, where the property is located and the dates, time, and place the property may be inspected. The advertisements shall further state the date, time, and place of auction or opening of sealed bids, and no bid shall be received at any time after the time advertised.

(c) The bids shall be publicly taken or opened, in case of sealed bids, by the chief of the division and all bidders shall be entitled to be present in person or by representative.

(d) The award of the contract shall be made to the successful bidder within 72 hours after taking of the bids.

(e) The bid of the successful bidder so marked, as well as the bids of the unsuccessful bidders in the case of sealed bids, shall be placed on file open to public inspection and shall become matters of public record.

(f) If a successful bidder shall fail to accept award of a contract, then he shall be prohibited from bidding at any sale held by the division for a period of 12 months following such failure to accept.

(g) The chief of the division may sell all items by lot or by individual item, whichever method, in his opinion, will bring the highest return for the items so advertised.

(h) In the event all bids received are less than the estimated market value of the property, the chief of the division may reject all bids and readvertise or sell by negotiated sale; provided that, in the event the property is sold by negotiated sale under the provisions of this section, the value received must be more than the highest bid or bids received.

(i) Nothing herein shall be construed to prevent the chief of the divi-

sion from contracting with the highest bidder for any type of property to sell to that bidder all of that type of property, which can be reasonably sold on a continuous basis, at his bid price during that fiscal year providing such possible arrangement was included in the initial request for bids.

(j) All property advertised under the provisions of this section shall be available for inspection during the normal state office hours and at whatever place advertised for at least 48 hours prior to sale.

(k) All property sold under the provisions of this section shall be paid for by the purchaser or his representative by cashier's check, bank draft, certified check, U.S. currency, or notarized letter of credit from a licensed banking institution stating that the holder may purchase surplus property and also stating a maximum amount, at the time of acceptance of bid and award of contract, and said removal shall be not later than seven days after the awarding of the contract; provided, however, that the time limit of seven days shall not be applicable to sales of standing timber.

(l) All proceeds from sales made under the provisions of this section shall be paid into the state treasury or other legally authorized depository to be credited to the proper fund as set out in Section 3(b) prior to final distribution as set out in Section 4(p).

(m) No officer or employee of the state of Alabama or any of its departments, boards, bureaus, commissions, institutions, corporations, or agencies shall act as agent for any bidder; provided, however, that such officers or employees shall not be excluded from bidding on or purchasing state property at public auction or sealed bid.

(n) Any sale of tangible personal property or standing timber of the state made in violation of the terms of this act shall be null and void, and the person or persons responsible for the violation shall be subject to actual damages in addition to punitive damages of not less than \$1,000.00 which shall be recovered for the state of Alabama by the attorney general by civil action in the circuit court of Montgomery county. Any moneys recovered by the attorney general under this section shall be equally divided between the office of the attorney general and the state general fund.

(o) The provisions of this act shall not apply to the sale of diseased, storm or fire-damaged timber, nor shall it apply to timber cut on rights-of-way or easements. Such timber may be sold or otherwise disposed of in such manner as the commissioner of conservation and natural resources deems in the best interest of the state; provided, that no sale of diseased timber shall be made until the state forester shall certify that such timber is diseased, and such certification shall be in written form and filed with the director of finance.

(p) Whenever any surplus property that was purchased with either earmarked state funds or restricted federal funds is sold by the division, the proceeds from such sale, less administrative expenses, unless constitutionally prohibited, shall be deposited to the credit of the specific fund of the state departments, commissions, boards, bureaus, institutions, corporations, or agencies from which the original purchase of such property was made. If the source of the original purchase of the property was a general fund appropriation, then said sale proceeds, less any administrative fee, as set out in the rules authorized to be promulgated by the division, shall be credited to the general fund. In no event shall the said administrative fee, as mentioned above, exceed twenty-five percent (25%) of the gross sale price.

(q) Violation of any of the provisions of this act shall constitute a Class C felony punishable as prescribed by law.

Section 5. All present employees of the surplus property division of the department of economic and community affairs shall remain in their respective positions and continue to enjoy employment conditions including, but not limited to, salary range and advancement at a level no less than those enjoyed prior to the passage of this act. However, nothing herein shall be construed to prevent or preclude the removal of an employee for cause in the manner provided by law.

Section 6. All appropriations heretofore made to the finance department for administering the disposal of surplus property under Article 5, Chapter 16, of Title 41, Code of Alabama 1975 shall be transferred to the surplus property division of the department of economic and community affairs, along with all personnel, records, accounts, equipment, and such other necessary things connected with the surplus property operation as determined by the finance director.

Section 7. The temporary state plan of operation for the state agency for federal property assistance which was approved by the governor of Alabama on July 14, 1977, and accepted by the general services administration on September 14, 1977, shall become the permanent state plan of operation; provided, however, the division shall have authority, with approval of the governor, to revise said plan from time to time in accordance with regulations as established by the general services administration pursuant to Public Law 94-519 which governs the distribution of federal surplus property.

Section 8. The provisions of this act are severable. Should any part hereof be declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 9. All laws parts of laws in conflict herewith are hereby repealed and the provisions of Article 5, Chapter 16, Title 41 of the Code of Alabama 1975 are hereby specifically repealed.

Section 10. This act shall become effective October 1, 1984.

MOTION TO SUSPEND RULES ADOPTED

On motion of Rep. Rogers, the rules were suspended in order to introduce a resolution out of order.

RESOLUTION

The following resolution was introduced:

By Rep. Rogers:

H. J. R. 194. Clarifying and expressing legislative intent with regard to House Bill No. 13 to permit horse racing in any Class 1 municipality.

WHEREAS, on March 27, 1984, the Legislature of Alabama enacted a House Bill No. 13 (the "Horse Racing Bill") to authorize horse racing and pari-mutuel wagering thereon in Class I municipalities, subject to the condition that such activities be approved in a referendum held for the voters of the county in which such activities are to be conducted. As advertised pursuant to the requirements of Sections 106 and 110 of the Constitution of Alabama and as originally introduced in the Legislature, the Horse Racing Bill provided for a referendum that would involve only the voters of the Class I municipality that would sponsor horse racing. The Horse Racing Bill was amended in passage to add a new section which provided for a referendum among all voters in the county, as well as among the voters in the sponsoring municipality. The Horse Racing Bill contained a specific severability clause expressing the legislative intent that constitutional infirmities in the provisions for a county-wide referendum should not result in the invalidation of the entire act; and

WHEREAS, the members of the House and Senate of the State of Alabama understand that the Governor is concerned that the severability clause applicable to the county-wide referendum might be invoked in a lawsuit brought for the purpose of restricting referendum to voters in the sponsoring municipality. The severability clause was included for the opposite purpose of protecting the horse racing legislation from a legal attack that might be brought by disappointed opponents after they had lost a county-wide referendum. Due to the fact that the county-wide referendum was not reflected in the notice published with respect to the Horse Racing Bill, and also due to the possibility that the provisions for a county-wide referendum might convert the bill into legislation primarily applicable to a county clearly identified as Jefferson County — as distinguished from a general act applicable to a class of municipalities sanctioned by Section 110 of the Constitution of Alabama — the sponsors of the Horse Racing Bill were apprehensive that the amendment thereto providing for a county-wide referendum would give opponents an opportunity to mount a legal attack against the bill even if it were approved by a majority of the voters in the county; and

WHEREAS, the members of the House and Senate of the State of Alabama hereby state and proclaim their collective intention and understanding that the Horse Racing Bill is to provide for a county-wide referendum on the question of whether horse racing and pari-mutuel wagering thereon will be authorized in the sponsoring municipality, subject to legal permissibility therefor; and whereas, they deplore the possibility of there taking place any legal attack upon such a county-wide referendum, and express their desire, and commit their political and legislative influence to the principle, that the voters of the county in which the sponsoring municipality is located should have an opportunity to approve or disapprove, in a county-

wide referendum, the authorization of horse racing and pari-mutuel wagering thereon pursuant to the act resulting from passage of the Horse Racing Bill; and

WHEREAS, a majority of the Senators and Representatives from the sponsoring county of Jefferson have certified to the Governor that this is and was their individual intention with respect to the passage of the Horse Racing Bill; and

WHEREAS, we understand that the Governor has also been informed in writing by the proposed or contemplated developers of the horse racing facility that they also understand and support a county-wide vote on the issue and that they would defend at all times the validity of a county-wide election;

NOW THEREFORE, WE, the Legislature of the State of Alabama, both houses concurring, do hereby resolve, state and proclaim that our collective understanding and intent is that the Horse Racing Bill is to provide for a county-wide referendum of the people of the county in which the sponsoring municipality is located on the question of whether horse racing and pari-mutuel wagering thereon will be authorized in the sponsoring municipality, and we further resolve to commit our political and legislative influence to ensure that the voters in the county in which the sponsoring municipality is located shall have an opportunity to approve or disapprove, in a county-wide referendum, the authorization of horse racing and pari-mutuel wagering thereon, pursuant to the act resulting from passage of the Horse Racing Bill.

MOTION TO SUSPEND RULES ADOPTED

On motion of Rep. Carter, the rules were suspended in order to introduce a resolution out of order.

RESOLUTION

The following resolution was introduced:

By Reps. Carter, Butler and Drake:

H. J. R. 195. URGING THE UNITED STATES POSTAL SERVICE TO RESCIND ITS SUSPENSION OF OPERATIONS OF THE MOORESVILLE, ALABAMA, POST OFFICE.

WHEREAS, the post office in the Town of Mooresville, Alabama, established in 1819, is the oldest post office in the State of Alabama; the current structure was built in 1850 and is registered, along with the entire town, in the National Register of Historic Places in Washington, D. C.; and

WHEREAS, the residents of Mooresville, on March 28, 1984, received notification from SCM/Postmaster J. N. Lindstrom in Huntsville, Alabama, that the post office building would be "temporarily" closed, effective April 7, 1984, while a study was being made as to the feasibility of repairing the present structure and as to other service alternatives; and

WHEREAS, U.S. Code Section 404(B) however provides that at least 60 days' notice be given a community prior to the determination to close a post office, with said code section making no distinction between a "temporary" or "permanent" closing; and

WHEREAS, not only is the decision of the U.S. Postal Service to suspend operations in Mooresville apparently contradictory to said Section 404(B) of the U.S. Code, but the provisions for interim service for the citizens of Mooresville are totally unacceptable in terms of safety, convenience and expense to the residents of Mooresville; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we hereby most strongly urge the U.S. Postal Service to rescind its suspension of operations of the Mooresville, Alabama, Post Office.

BE IT FURTHER RESOLVED, That we would respectfully request the Postal Service to allow the Mooresville post office to remain open while necessary repairs are being made to upgrade any deficiencies and thereby remove any justification for suspension of operations, either temporarily or permanently.

BE IT FURTHER RESOLVED, That copies of this resolution be forwarded to Alabama's Congressional Delegation, to the U.S. Postal Service and to Postmaster Lindstrom in Huntsville.

On motion of Rep. Carter, the rules were suspended and the resolution, H. J. R. 195, was adopted.

On motion of Rep. Harper, the rules were suspended and the House concurred in and adopted the resolution, S. J. R. 128, the title of which is set out in the above and foregoing Message from the Senate.

RESOLUTION

The following resolution was introduced:

By Rep. Rogers:

H. J. R. 213. Clarifying and expressing legislative intent with regard to House Bill No. 13 to permit horse racing in any Class 1 municipality.

WHEREAS, on March 27, 1984, the Legislature of Alabama enacted a House Bill No. 13 (the "Horse Racing Bill") to authorize horse racing and pari-mutuel wagering thereon in Class I municipalities, subject to the condition that such activities be approved in a referendum held for the voters of the county in which such activities are to be conducted. As advertised pursuant to the requirements of Sections 106 and 110 of the Constitution of Alabama and as originally introduced in the Legislature, the Horse Racing Bill provided for a referendum that would involve only the voters of the Class I municipality that would sponsor horse racing. The Horse Racing Bill was amended in passage to add a new section which provided for a referendum among all voters in the county, as well as among the voters in the sponsoring municipality. The Horse Racing Bill contained a specific severability clause expressing the legislative intent that constitutional infirmities in the provisions for a county-wide referendum should not result in the invalidation of the entire act; and

WHEREAS, the members of the House and Senate of the State of Alabama understand that the Governor is concerned that the severability clause applicable to the county-wide referendum might be invoked in a lawsuit brought for the purpose of restricting referendum to voters in the sponsoring municipality. The severability clause was included for the opposite purpose of protecting the horse racing legislation from a legal attack that might be brought by disappointed opponents after they had lost a county-

wide referendum. Due to the fact that the county-wide referendum was not reflected in the notice published with respect to the Horse Racing Bill, and also due to the possibility that the provisions for a county-wide referendum might convert the bill into legislation primarily applicable to a county clearly identified as Jefferson County — as distinguished from a general act applicable to a class of municipalities sanctioned by Section 110 of the Constitution of Alabama — the sponsors of the Horse Racing Bill were apprehensive that the amendment thereto providing for a county-wide referendum would give opponents an opportunity to mount a legal attack against the bill even if it were approved by a majority of the voters in the county; and

WHEREAS, the members of the House and Senate of the State of Alabama hereby state and proclaim their collective intention and understanding that the Horse Racing Bill is to provide for a county-wide referendum on the question of whether horse racing and pari-mutuel wagering thereon will be authorized in the sponsoring municipality, subject to legal permissibility therefor; and whereas, they deplore the possibility of there taking place any legal attack upon such a county-wide referendum, and express their desire, and commit their political and legislative influence to the principle, that the voters of the county in which the sponsoring municipality is located should have an opportunity to approve or disapprove, in a county-wide referendum, the authorization of horse racing and pari-mutuel wagering thereon pursuant to the act resulting from passage of the Horse Racing Bill; and

WHEREAS, a majority of the Senators and Representatives from the sponsoring county of Jefferson have certified to the Governor that this is and was their individual intention with respect to the passage of the Horse Racing Bill; and

WHEREAS, we understand that the Governor has also been informed in writing by the proposed or contemplated developers of the horse racing facility that they also understand and support a county-wide vote on the issue and that they would defend at all times the validity of a county-wide election;

NOW THEREFORE, WE, the Legislature of the State of Alabama, both houses concurring, do hereby resolve, state and proclaim that our collective understanding and intent is that the Horse Racing Bill is to provide for a county-wide referendum of the people of the county in which the sponsoring municipality is located on the question of whether horse racing and pari-mutuel wagering thereon will be authorized in the sponsoring municipality, and we further resolve to commit our political and legislative influence to ensure that the voters in the county in which the sponsoring municipality is located shall have an opportunity to approve or disapprove, in a county-wide referendum, the authorization of horse racing and pari-mutuel wagering thereon, pursuant to the act resulting from passage of the Horse Racing Bill.

On motion of Rep. Rogers, the rules were suspended and the resolution, H. J. R. 213, was adopted.

(10) CIGARETTES—Upon all cigarettes made of tobacco, or any substitute therefor, ~~five and one-half inches long or longer, one and one-third cents on each such cigarette.~~

(11) (9) SMOKING TOBACCO—Upon all smoking tobacco, including granulated, plug cut, crimp cut, ready rubbed and other kinds and forms of tobacco prepared in such manner as to be suitable for smoking in a pipe or cigarette upon each package: weighing not more than one and one-eighth ounces, tax \$.02; over one and one-eighth ounces, not exceeding two ounces, tax \$.05; over two ounces, not exceeding three ounces, tax \$.08; over three ounces, not exceeding four ounces, tax \$.11; \$.03 additional tax for each ounce or fractional part thereof over four ounces.

(12) (10) CHEWING TOBACCO—Upon all chewing tobacco prepared in such manner as to be suitable for chewing only and not suitable for smoking as described and taxed in subdivision (11)-(9) of this subsection; three-fourths cents per ounce or fractional part thereof.

(b) Whenever in this article reference is made to any manufactured tobacco products, manufactured or imported to sell at a certain price, as the basis for computing the tax, it is intended to mean the ordinary, customary or usual price paid by the consumer for such tobacco products taxable under this article.

(c) Whenever in this article reference is made to any manufactured tobacco products on which the tax is based on weight, the weight as shown by the manufacturer or the federal internal revenue stamp shall apply.

(d) When the retail or selling price is referred to in this article as the basis for computing the amount of stamps required on any article, it is intended to mean the retail or selling price of the articles before adding the amount of the tax.

(e) When any articles or commodities subject to tax in this article are given as prizes on punch boards, shooting galleries, premiums, etc., the tax shall be based on the ordinary retail selling price of such articles.

(f) The tax herein levied shall be paid to the state through the use of stamps as herein provided. However, every wholesaler, distributor, jobber or

retail dealer shall add the amount of the tax levied herein to the price of the tobacco or tobacco products sold, it being the purpose and intent of this provision that the tax levied is in fact a levy on the ultimate consumer or user with the wholesaler, distributor, jobber or retail dealer acting merely as an agent of the state for the collection and payment of the tax to the state. Therefore, notwithstanding any exemptions from taxes which any such seller may now or hereafter enjoy under the Constitution or laws of this or any other state, or of the United States, he shall collect the tax imposed hereunder from the purchaser or consumer, and the amount of the tax shall constitute a debt from the purchaser or consumer to the seller until paid. It shall be unlawful for any person, firm, corporation, association or copartnership to fail or refuse to add to the sales price and collect from the purchaser the amount of the tax to be added to the sales price and collected from the purchaser hereunder. Stamps in denominations to the amount of the tax or in denominations specified pursuant to subsection (g) of this section shall be affixed to the box or other container from or in which tobacco products taxed by this section are normally sold at retail. The stamps shall be affixed in such a manner that their removal will require continued application of water or steam; and in case of cigars, cheroots, chewing tobacco and like manufactured tobacco products, where sales are made from the original container, the stamps shall be affixed to the box or container in such a way that the stamps shall be torn in two or mutilated when such containers or boxes are opened for the sale of the tobacco products. In the case of cigarettes, smoking tobacco, snuff and like products sold at retail in packages, the required amount of stamps to cover the tax shall be affixed to each individual package or container. All taxable tobaccos herein enumerated, when offered for sale, either at wholesale or retail, without having stamps affixed in the manner set out by this article, shall be subject of confiscation, in the manner provided for contraband goods as set out in this article.

~~(g) The description of tobacco products contained in subdivisions (8) through (10) of subsection (a) of this section are hereby declared to be standard as to dimensions and weights, when shown, for taxing purposes as provided in this chapter. Where cigarettes as described in subsection (8) of subsection (a) are packed in varying quantities of less than 20 cigarettes, the following rates shall govern: Packages containing 10 cigarettes or less shall require a \$.06 stamp, packages containing more than 10 cigarettes and not to exceed 20 cigarettes, shall require a \$.12 stamp. Where cigarettes described in subdivision (9) of subsection (a) are packed in varying quantities of less than 20 cigarettes, the following rates shall govern: Packages containing 10 cigarettes or less shall require a \$.12 stamp; packages containing more than 10 cigarettes and not to exceed 20 cigarettes shall require a \$.24 stamp. Cigarettes described in subdivision (10) of subsection (a), regardless of packaging, shall require a tax of one and one-third cents per cigarette.~~

(g) The Commissioner of Revenue shall prepare and issue stamps in denominations for the amount of the tax imposed by this article, provided that if the Commissioner determines that it is not economical for the state to have a stamp prepared and issued for one or more particular types of packages of tobacco products, then he may by regulation prescribe the use of a stamp in a denomination other than for the amount of the tax imposed with the difference between the amount of tax actually imposed and the amount of tax denominated by the stamp paid with the use of a monthly report; or he may require a monthly report without use of a stamp to report the amount of taxes due."

(4) Community ombudsman shall respect the right to privacy of all involved parties when engaged in resolving complaints. Information concerning any aspect of a complaint resolution proceeding shall be kept confidential and shall not be disclosed by an ombudsman to any party not directly involved in the particular complaint. In order to qualify for exemption under this section, such principal residence must be a single family residence owned and occupied by a person qualifying under this section. The exemption shall not exceed \$6,000.00 in assessed value, nor 160 acres in area for any resident of this state. Exemptions must be claimed annually and the assessor shall allow return to be filed by mail.

(4) **STATE FIRE MARSHAL'S PERMIT.** The form issued by the state fire marshal to a fire protection sprinkler contractor upon application being approved, fee paid, and satisfactory testing of competency of an individual who is an owner, partner, officer, or in a management position of the fire protection sprinkler contractor. The permit shall be issued in the name of the fire protection sprinkler contractor, with the name of the certificate holder noted thereon.

(5) **FIRE PROTECTION SPRINKLER SYSTEM.** A system of overhead piping designed in accordance with fire protection engineering standards. The system is supplied from a reliable, constant and sufficient water supply, such as a gravity tank, fire pump, reservoir or pressure tank, and/or connection by underground piping to a city main. The portion of the sprinkler system above ground is considered the fire protection sprinkler system for purposes of this chapter, and is a network of specially sized or hydraulically designed piping installed in a building, structure, or area, generally overhead, and to which sprinklers are connected in a systematic pattern. The system includes a controlling valve and device for actuating an alarm when the system is in operation. The system is usually activated by heat from a fire and discharges water over the fire area. Fire protection sprinkler systems shall include the following types: wet-pipe systems, dry-pipe systems, pre-action systems, deluge systems, combined dry-pipe and pre-action systems, antifreeze systems, and circulating closed loop systems, all as defined in National Fire Protection Association Pamphlet 13, Standard for the Installation of Sprinkler Systems, latest edition, or National Fire Protection Association Pamphlet 13D, Standard for the Installation of Sprinkler Systems in One and Two Family Dwellings and Mobile Homes, latest edition.

Section 34-33-2. Administration of chapter vested in state fire marshal.

The administration of this chapter is vested in the state fire marshal

who shall have the power to set or make changes in the amount of the fee charged as necessary for the administration and enforcement of this chapter. The state fire marshal may, at his discretion, have the competency test, provided for in section 34-33-4, prepared and administered by others.

Section 34-33-3. Installation, repair, etc., of fire protection sprinkler systems—Conformity with chapter required.

It shall be unlawful for any individual, partnership, corporation, association, or joint venture to engage in the business of installation, repair, alteration, addition, maintenance, or inspection of a fire protection sprinkler system in this state except in conformity with the provisions of this chapter. Nothing in this chapter, however, shall be construed to apply to fire protection sprinkler system owners who employ registered professional fire protection engineers, or individuals who have satisfactorily met the minimum experience requirements of Section 34-33-4, or completed and passed a competency test administered by the state fire marshal, and skilled workers who regularly and routinely design, install, repair, alter, add to, maintain, and inspect sprinkler systems on and within the premises of their employer, provided such systems are for the owners' use only.

Section 34-33-4. Same—Application for state fire marshal's permit; contents; status of applicant; application fee; competency test; waiver of competency test; reciprocity.

Any individual, partnership, corporation, association, or joint venture desiring to engage in the business of installation, repair, alteration, addition, maintenance, or inspection of fire protection sprinkler systems shall submit to the state fire marshal on standard forms provided by the state fire marshal an application, complete with all information required, on the applicant who is at present an owner, partner, officer, or in a management position of the fire protection sprinkler contractor making the application. The applicant shall include a fee of \$100.00 when making the application. A competency test shall be scheduled by the state fire marshal for the applicant. If the applicant shall provide sworn affidavits from three professional engineers currently registered in the state of Alabama, to the effect that the applicant has satisfactorily supervised the sale, design and installation of at least one fire protection sprinkler system of more than 200 sprinklers in size for each (complete with name, description and location of each), the competency test may be waived, provided the application is submitted prior to August 31, 1982. This chapter shall not prevent the state fire marshal, at his discretion, from issuing, upon receipt of the application and fee, a state fire marshal's permit to a fire protection sprinkler contractor who produces evidence of having ~~passed an approved competency test, or of having a current state fire marshal's permit from another state, if such state fire marshal shall have entered into an agreement of reciprocity with the state of Alabama fire marshal.~~

Section 34-33-6. Restrictions and limitations upon permit holder.

In no case shall a certificate holder be allowed to obtain a state fire marshal's permit for more than one fire protection sprinkler contractor at a time. If the certificate holder should leave the employment of the fire protection sprinkler contractor, he must notify the state fire marshal within 30 days. The certificate holder shall not be eligible to obtain a state fire marshal's permit for more than one other fire protection sprinkler contractor for a period of 12 months thereafter. If the certificate holder should leave the employment of the fire protection sprinkler contractor, or die, the contractor shall have ~~six~~ nine months or ~~until the expiration of the current permit,~~

~~whichever comes first,~~ to submit a new application on another certificate holder who is at present an owner, partner, officer, or in a management position of the fire protection sprinkler contractor, ~~and be issued a new permit.~~ If such application is not received and a new permit issued within the allotted time, the state fire marshal shall revoke the permit of the fire protection sprinkler contractor.

Section 34-33-7. Expiration of permit; renewal procedure.

The state fire marshal's permit shall expire annually at midnight on September 30. At least 30 days prior, the fire protection sprinkler contractor must submit a renewal application ~~and provide a sworn affidavit that the certificate holder has supervised the sale, design, and installation of at least three fire protection sprinkler systems of more than 200 sprinklers in size (complete with name, description, and location of each) in the last six months.~~ A renewal fee must be submitted with the application. Failure to renew the permit prior to the expiration shall cause the permit to be null and void as of the expiration date, and it shall be unlawful under this chapter for any individual, partnership, corporation, association, or joint venture to engage in the business of installing, repairing, altering, adding, maintaining, or inspecting a fire protection sprinkler system without a valid state fire marshal's permit. The permit may be reinstated by making application as before, and payment of the fee; however, until such time as a new permit is issued, it shall be unlawful for the fire protection sprinkler contractor to engage in installing, repairing, altering, adding, maintaining, or inspecting fire protection sprinkler systems.

Section 34-33-9. Chapter imposes no limitation on power of municipality, etc., to regulate work of contractors.

Nothing in this chapter limits the power of a municipality, county, or the state to regulate the quality and character of work performed by contractors, through a system of permits, fees, and inspections, which are designed to assure compliance with, and aid in the implementation of, state and local building laws or to enforce other local laws for the protection of the public health and safety. Nothing in this chapter limits the power of a municipality, county, or the state to adopt any system of permits requiring submission to and approval by the municipality, county, or the state, of plans and specifications for work to be performed by contractors before commencement of the work. If plans for a fire protection sprinkler system are required to be submitted to and approved by any municipality, county, or the state (or any departments or agencies thereof), the plans must bear the permit number of the certified fire protection sprinkler contractor. The official authorized to issue building or other related permits shall ascertain that the fire protection sprinkler contractor is duly certified by requiring evidence of a valid state fire marshal's permit.

Section 2. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 3. All laws or parts of laws which conflict with this act are hereby repealed.

Section 4. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

"§ 34-9-9.

"The term 'proprietor', as used in this chapter, shall not in any way pertain to state, county, municipal or city institutions and shall be deemed to include any person, firm, partnership, or corporation not licensed to practice dentistry who employs one or more dentists, dental hygienists, or both, in the operation of a dental office, or places in possession of a dentist, dental hygienist or other agent such dental material or equipment as may be necessary for the management of a dental office on the basis of a lease or any other agreement for compensation for the use of such material, equipment or offices, or retains the ownership or control of dental equipment, material or office and makes the same available in any manner for the use by a dentist, dental hygienist or other agent, provided, that nothing in this chapter shall apply to bona fide sales of dental equipment or material secured by a chattel mortgage or retention title agreement and, provided further, that this section shall not prohibit or restrict persons, firms or corporations from employing or retaining licensed dentists to furnish dental treatment for their employees or dependents of their employees. A licensed dentist or dental hygienist who enters into any of the above described arrangements with an unlicensed proprietor as defined above may have his license and license certificate suspended or revoked by the board.

"A. No person other than a dentist licensed pursuant to this Chapter may:

"1. employ a dentist, dental hygienist or both in the operation of a dental office;

"2. place in the possession of a dentist, dental hygienist or other agent such dental material or equipment as may be necessary for the management

of a dental office on the basis of a lease or any other agreement for compensation for the use of such material, equipment or offices; or

"3. retain the ownership or control of dental equipment, material, or office and make the same available in any manner for the use of a dentist, dental hygienist or other agent.

"4. The term 'person' as used in this Section, shall not in any way pertain to state, county, municipal or city institutions but shall be deemed to include any individual, firm, partnership, corporation or other entity not licensed to practice dentistry in the State of Alabama.

"5. Nothing in this subsection shall apply to bona fide sales of dental equipment, material or office secured by a chattel mortgage or retention title agreement, or to an agreement for the rental of the equipment or office by bona fide lease at a reasonable amount, and under which agreement the licensee under this chapter maintains complete care custody, and control of said equipment and his practice. Further, nothing in this subsection shall prohibit or restrict persons, firms or corporations from employing or retaining licensed dentists to furnish dental treatment for their employees or dependents of their employees.

"B. The purpose of this section is to prevent a non-dentist from influencing or otherwise interfering with the exercise of a dentist's independent professional judgment. In addition to the acts specified in subsection A., no person other than a dentist licensed in accordance with this Chapter shall enter into a relationship with a person licensed under this Chapter pursuant to which said unlicensed person exercises control over the following:

"1. the selection of a course of treatment for a patient; the procedures or materials to be used as a part of such course of treatment, and the manner in which such course of treatment is carried out by the licensee;

"2. the patient records of a dentist;

"3. policies and decisions relating to pricing, credit, refunds, warranties and advertising; and

"4. decisions relating to office personnel and hours of practice.

"C. Any licensed dentist or dental hygienist who enters into any of the arrangements or relationships described in subsection A or subsection B above with an unlicensed person as defined above, may be subject to any of the penalties set forth in Section 34-9-18, Code of Alabama 1975."

Section 34-9-11

When application and accompanying proof as are required herein are found satisfactory, the board shall notify the applicant to appear before it for examination at a time and place to be fixed by the board, and each applicant shall be examined and graded by number in lieu of name. All examinations provided for in this chapter shall be conducted by the board and shall be of such type and character as to test the qualifications of the applicant to practice dentistry. In conducting examinations, each member of the board shall submit his questions to the other board members, and the entire board shall decide whether or not each proposed question is fair and practical. It is provided, however, that the board may recognize any written parts of an examination given by the national board of dental examiners in lieu of such examinations or subject to such examinations as the board may require. All examination papers, including questions and answers, with a separate list of those taking each examination and the numbers under which the

examination was taken shall be filed by the secretary-treasurer of the board with the Alabama State Department of Archives and History within 30 days after the examination has been completed, to be kept for a period of not less than three years. Those found qualified by the board shall be granted a license and a license certificate which shall bear a serial number, the full name of the licensee, the date of issuance and the seal of the board, and shall be signed by each member of the board.

Section 34-9-17

It shall be unlawful for any person or persons to practice or offer to practice dentistry under any name except his own name, which shall be the name used in his license certificate granted to him as a dentist as provided in this chapter; and it shall be unlawful to use the name of any company, association, corporation, clinic trade name or business name in connection with the practice of dentistry, as defined in this chapter; provided, that nothing herein contained shall be so construed as to prevent two or more licensed dentists from associating together for the practice of dentistry, each in his own proper name. The violation of any of the provisions of this section by any dentist shall subject such dentist to suspension or revocation of his license. It shall be unlawful, and a licensee may have his license suspended or revoked, for any licensee to conduct a dental office in his name, or advertise his name in connection with any dental office or offices, unless such person is personally present in said office operating as a dentist or personally overseeing such operations as are performed in said office or each of said offices; provided, that when an associate in practice is on temporary active duty with the armed forces his name may be continued as a partner. It shall be unlawful for a licensee to permit his or her name to appear on or within the office which he has sold to another licensee and from which he has severed his active practice, provided the name of a dentist who sells his office to a licensed dentist may remain on the offices for a period not to exceed six months. In like manner it shall be unlawful for the buyer to permit the former owner's name to appear on or within said office, except as herein provided.

"A. SUBSTITUTE OFFERED

Rep. Coleman offered the following substitute to the bill, H. 81 as amended:

A BILL TO BE ENTITLED AN ACT

To amend Chapter 7 of Title 32 of the Code of Alabama 1975 commonly known as the Motor Vehicle Safety-Responsibility Act by amending Sections 32-7-5, 32-7-6 and 32-7-23 thereof so as to increase the amount of property damage which must be sustained to require an accident report to be filed and to increase the security required for an automobile or a motor vehicle liability policy while prohibiting duplication and the stacking of such under the uninsured and underinsured motorist coverage and make available underinsured motorist coverage under the Motor Vehicle Safety-Responsibility Act.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 32-7-5, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-5. The operator of every motor vehicle which is in any manner involved in an accident within this state, in which any person is killed or injured or in which damage to the property of any one person, including himself, in excess of \$50.00 ~~\$200.00~~ is sustained, shall within 10 days after such accident report the matter in writing to the director. Such report, the form of which shall be prescribed by the director, shall contain only such information as may be necessary to enable the director to determine whether the requirements for the deposit of security under section 32-7-6 are inapplicable by reason of existence of insurance or other exceptions specified in this chapter. The director may rely upon the accuracy of the information unless and until he has reason to believe that the information is erroneous. If such operator is physically incapable of making such report, the owner of the motor vehicle involved in such accident shall, within 10 days after learning of the accident, make such report. The operator or the owner shall furnish such additional relevant information as the director shall require."

Section 2. Section 32-7-6, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-6. (a) Security required unless evidence of insurance; when security determined. If 20 days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any one person in excess of \$50.00 ~~\$200.00~~, the director does not have on file evidence satisfactory to him that the person

who would otherwise be required to file security under subsection (b) of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the director shall determine the amount of security which shall be sufficient in his judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

“(b) Suspension—The director shall, within 60 days after the receipt of such report of a motor vehicle accident, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the director; provided that notice of such suspension shall be sent by the director to such operator and owner not less than 10 days prior to the effective date of such suspension and shall state the amount required as security. Where erroneous information is given the director with respect to the matters set forth in subdivision (1), (2) or (3) of subsection (c) of this section, he shall take appropriate action as hereinbefore provided within 60 days after receipt of him of correct information with respect to said matters.

“(c) Exception—This section shall not apply under the conditions stated in Section 32-7-7 nor:

“(1) to such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

“(2) to such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident of an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

“(3) to such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bond; and

“(4) to any person qualifying as a self-insurer under section 32-7-34, or to any person operating a motor vehicle for such self-insurer.

“No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state; except, that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in this state, shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; provided, that every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, or not less than ~~\$10,000.00~~ \$15,000.00 because of bodily injury to or death of one person in any one accident and subject to said limit for one person, to a limit of not less than ~~\$20,000.00~~ \$30,000.00 because of bodily injury to or death of two or more persons in

any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than \$5,000.00 ~~\$10,000.00~~ because of injury to or destruction of property of others in any one accident."

Section 3. Section 32-7-23, Code of Alabama 1975, is hereby amended to read as follows:

"§ 32-7-23. (a) No automobile liability or motor vehicle liability policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in subsection (c) of section 32-7-6, under provisions approved by the commissioner of insurance for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom; provided, that the named insured shall have the right to reject such coverage; and provided further, that unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy any transfer, replacement, reinstatement, renewal or substitute policy where the named insured had rejected the coverage in connection with the policy previously issued to him by the same insurer.

"(b) The insurer shall also make available upon request of the insured uninsured motorist coverage in limits up to the limits provided in the policy for a loss resulting from liability imposed by law for bodily injury or death.

"The insurer shall also make available upon request of the insured underinsured motorist coverage in limits up to the limits provided in the policy for uninsured motorist coverage. Underinsured motorist coverage provides coverage for damage for bodily injury or death which an insured is legally entitled to collect from the owner or driver of an underinsured motor vehicle. An underinsured motor vehicle is a land motor vehicle, the ownership, maintenance, or use of which is insured or bonded for bodily injury or death at the time of the accident, but the limits of liability for bodily injury or death under such insurance or bonds are:

"(i) Less than the limits for underinsured motorist coverage under the insured's policy; or

"(ii) Reduced by payments to persons other than an insured in the accident to less than the limits of underinsured motorist coverage under the insured's policy. The maximum liability of the insurer under the underinsured motorist coverage provided shall be the lesser of;

"(a) The difference between the limit of underinsured motorist coverage and the amount paid to the insured by or for any person or organization who may be held legally liable for the bodily injury; or

"(b) The amount of damages sustained, but not recovered. The insurer shall have the option of combining uninsured and underinsured motorist coverages into one coverage.

"The coverage provided under this section shall not duplicate the benefits available to an insured under any workmen's compensation law, disability benefits law, or any similar law, under any automobile liability or automobile medical expenses coverages, automobile death and dismemberment coverages or disability coverages under an automobile insurance policy, or

from the owner or operator of the uninsured motor vehicle or any other person or organization jointly or severally liable together with such owner or operator for the accident. Nor shall the coverage provided under this section increase the benefits under all available workmen's compensation and automobile insurance coverages to an aggregate amount exceeding the limits set forth in Section 32-7-6 or the policy if higher, in which event, only the policy on the vehicle involved, or if the insured is struck while a pedestrian, the highest limit of any one insured vehicle, shall apply."

Section 4. It is the intent of the legislature that the provisions of this act be not severable. If any paragraph, sentence, clause, provision or section be held to be unconstitutional, invalid, void, or inapplicable, the entire act shall be null and void.

Section 5. This act shall become effective on January 1, 1985.

By Rep. Cosby:

H. J. R. 243. INVITING "JULIA TUTWILER," AS PORTRAYED BY MRS. KATHRYN TUCKER WINDHAM, TO PERFORM FOR A JOINT SESSION OF THE ALABAMA LEGISLATURE.

WHEREAS, the late Julia Strudwick Tutwiler, an Alabamian of great historical prominence, was the forerunner of today's involved women whose impact is felt in areas pioneered by Miss Tutwiler as long ago as 1880, during an era of Alabama's statehood in which politics were for men only; and

WHEREAS, an ardent advocate of educational opportunities for women, Miss Tutwiler also was an early champion for prison reform, whose crusade in cause fostered the movement for separate prisons for men and women and for reformatories for youthful offenders; and

WHEREAS, she further was a teacher and later president of Alabama Normal College at Livingston, established Alabama's first kindergarten and was the author of the words of our State song, "Alabama"; and

WHEREAS, though her name appears frequently in State annals, Miss Tutwiler's name also is emblazoned on the only major prison facility for women in the State of Alabama, thus commemorating the life of a great lady whose major legacy was to the women of our State; and

WHEREAS, for the benefit of the Julia Tutwiler State Prison For Women, and specifically for the construction of a prison chapel, another famous Alabama lady, Mrs. Kathryn Tucker Windham of Selma, has written a one-act play in which she performs the role of "Julia Tutwiler"; all proceeds from the benefit performance on May 10, 1984, at Montgomery's Huntingdon College will be allocated to the Tutwiler Chapel Fund; and

WHEREAS, it is the desire of the Legislature that in nostalgia, "Julia Tutwiler" should once again visit our Capitol where she lobbied so many years ago, a "gentle" lady who battled alone in the political arena of the 1880's; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we herein extend an invitation for "Miss Julia Tutwiler," as portrayed by Mrs. Kathryn Windham, to ap-

pear before a Joint Session of the Alabama Legislature, at a date and time to be set, and at Mrs. Windham's convenience.

BE IT FURTHER RESOLVED, That in invitation, the Clerk of the House shall forward a copy of this resolution to Mrs. Windham.

WHEREAS, the opening of said home for foster care was the realization of a childhood dream of Mrs. Harris, former executive director of the facility from its inception until her retirement in 1980; and

WHEREAS, though blessed with innate ability and imbued with compassion and understanding for homeless children, Mrs. Harris pursued graduate studies in such areas as child welfare, educational psychology, adolescent psychology, sociology, home economics and family planning at various colleges and universities; and

WHEREAS, Mrs. Harris further has been associated with a number of professional organizations in child care and related fields, serving many in leadership capacity, and has been variously honored for her work and service, including a 1978 gubernatorial proclamation declaring a statewide day in her name; and

WHEREAS, since Harris Home first opened its doors to the homeless, more than 800 children have been given guidance and professional care in a warm home-like atmosphere by their loving "parents," Mr. and Mrs. George Harris, who have given generously of themselves, despite sacrifice of a private life and personal financial gain; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we hereby most highly commend Mr. and Mrs. George Harris of Huntsville, Alabama, and the Harris Home they founded some three decades ago.

It is the intent of the legislature to promote and support the governor's recommended program for improving education. It is further the intent of the legislature that the elements of the governor's program be implemented and that every effort be made to utilize appropriations provided herein and otherwise recommended for each of these areas. It shall be incumbent upon and the responsibility of each board of education, superintendent, principal and teacher to help provide the implementation of the program.

One year after the effective date of this act, and each year thereafter, the commission shall make an annual report to the governor and to the legislature; however, upon the request of either the governor or legislature, reports may be made at any time. The commission shall be dissolved at the end of three years unless otherwise continued by resolution of the legislature.

It is the express intent of the legislature that the commission not duplicate any responsibilities of the state board of education.

Such program shall be divided into three phases with the first phase being introduced at the beginning of the 1985-1986 school year and another phase to begin each of the following two years. (d) The employment of provisionally certified teachers under this section shall serve to supply an emergency source of teachers in critical needs areas and shall not be considered a permanent means of acquiring teachers in any area.

Section 11. There is hereby established a program for scholarship loans to provide for the education of qualified undergraduate students who are enrolled in teacher education programs in the fields of mathematics, science, computer education and other projected critical needs areas at institutions where the teacher education programs have been approved by the state department of education. For the first year of the scholarship loan program, at least 80 percent of the funds awarded for such loans shall be awarded in the areas of mathematics, science and computer education. Remaining funds shall be available for teacher shortages in other critical areas. The state board of education shall designate the critical areas other than mathematics, science and computer education when they exist. The responsibility and authority for administering the scholarship loan program is hereby vested in the Alabama commission on higher education.

Section 12. To be eligible for a scholarship loan, an applicant shall:

(1) Be a full-time undergraduate student at the upper division level in a teacher education program approved by the board;

(2) Have entered into an agreement with the state board of education to teach in the public schools of Alabama for three years following completion of the teacher education requirements; and

(3) Have a record of high performance in the area of certification.

Section 13. (a) Each scholarship loan shall be in an amount not to exceed \$4,000 per annum and shall be for not more than two years.

(b) Any scholarship loan extended under this act may be repaid to the Alabama commission on higher education in cash in full with interest at the prevailing rate annually from the date of completion of the teacher education program of studies. Repayments in full must be completed within ten years of the completion of the program of studies.

(c) The scholarship loan or any part thereof may be repaid by service in the teaching of mathematics, science, computer education and other projected critical areas, as determined by the state board of education. Payment credit for one year of a scholarship loan shall be granted for each three school years of teaching in the public schools of the state.

(d) Any scholarship loan recipient who fails to complete a program of study or who fails to teach in a public school of the state as required by this

act shall repay all loan amounts immediately with interest at the prevailing rate annually from the date of his withdrawal or removal.

(e) Each recipient of a scholarship loan under the provisions of this act shall enter into an agreement with the Alabama commission on higher education whereby he agrees to teach mathematics, science, computer education or other critical subject areas as determined by the state board of education in the public schools of the state. Any breach of contract on the part of the recipient makes him immediately liable for the unpaid balance of his loan. The attorney general or any district attorney, upon the request of the Alabama commission on higher education, shall institute proceedings in the name of the state for the purpose of recovering any amount due the state under the provisions of this act. In the event of death or total and permanent disability of the recipient to teach, repayment of the loan may be excused by the Alabama commission on higher education.

Section 14. The Alabama commission on higher education shall have the authority to make reasonable rules and regulations for implementing and carrying out the provisions of this act relating to the scholarship loan program.

Section 15. The Alabama commission on higher education shall implement a tuition grant program for certified teachers. Tuition grants in institutions of higher education for adding mathematics, science, computer education or other critical needs areas to their certificates shall be provided to able teachers certified in subject areas where there is a surplus of teachers. The Alabama commission on higher education shall adopt rules to implement the mathematics, science, computer education or other critical needs areas tuition reimbursement program. Any full-time regularly certified public school teacher shall be eligible for this program. Tuition reimbursement shall be limited to courses in mathematics, science, computer education or other critical areas as determined by the board. Such courses shall be graduate level courses leading to a new certification area or approved undergraduate courses leading to a new certification area. Participants may receive tuition reimbursements not to exceed 36 semester or 54 quarter hours in an approved teacher education program in Alabama. All reimbursements will be contingent on the participant's maintaining a B average on all work attempted. Teachers participating in the tuition reimbursement program shall be eligible for all summer programs and other programs and incentives open to mathematics, science and computer education teachers.

Section 16. Sections 16-23-18, 16-23-20, 16-23-21, and 16-23-23, Code of Alabama 1975, are hereby amended to read as follows:

H. 405 TAKEN UP

And the bill:

H. 405. To require notice to a parent prior to performing an abortion on an unemancipated minor who is less than eighteen years of age to the extent constitutionally permissible; to provide for the enforcement of this Act; and to prescribe penalties for violations.

Which was temporarily postponed on the sixteenth legislative day, was taken up.

SUBSTITUTE OFFERED

Rep. Beers offered the following substitute to the bill, H. 405:

A BILL TO BE ENTITLED AN ACT

To require notice to a parent prior to performing an abortion on an unemancipated minor who is less than seventeen years eight months to the extent constitutionally permissible; to provide for the enforcement of this Act; and to prescribe penalties for violations.

Be It Enacted by the Legislature of Alabama:

Section 1. This Act shall be known as and may be cited as "The Parental Right to Notification of Minor's Abortion Act."

Section 2. For purposes of this Act, the following words shall have the meanings respectively ascribed to them by this section:

(1) **ABORTION:** (a) The termination of pregnancy by instrument, medicine, drug, or any other substance or device for the purpose of preventing the development of a fetus as a live human being, or (b) the use or administration of a suction device or intra-amniotic injection for the purpose of terminating pregnancy and preventing the development of a fetus as a live human being. The instruments, medicines, drugs, and other substances and devices referenced above do not include intra-uterine devices.

(2) **ABORTION PRACTITIONER:** An individual person (regardless of whether he is licensed to practice medicine) or any private legal entity by whom such person is employed, which undertakes or authorizes, impliedly or otherwise, the performance of abortion. Such term shall not be construed to include a woman terminating or attempting to terminate her own pregnancy.

(3) **UNEMANCIPATED:** Unmarried and living under the care and custody of a parent or legal guardian, or receiving more than 50% of support from her parent or a legal guardian.

(4) **MINOR:** Any person under the age of 17 years, eight months.

(5) **ACTUAL NOTICE:** The giving of notice directly, in person or by telephone.

(6) **CONSTRUCTIVE NOTICE:** The giving of notice by certified mail to the last known address of a parent or legal guardian.

Section 3. No abortion practitioner shall perform an abortion upon an unemancipated minor unless he or his agent has given at least twenty-four (24) hours actual notice to one of her parents or to a legal guardian of the minor pregnant woman of his intention to perform the abortion or, if a parent or guardian cannot be reached after a reasonable effort to find them, without first having given at least forty-eight (48) hours constructive notice computed from the time of mailing to one of the parents or to a legal guardian of the minor. A minor who objects to notice being given her parent or legal guardian under this section may petition, on her own behalf or by next friend, the district court in the county in which the abortion is to be performed for a waiver of the notice requirement of this section pursuant to the procedures of Section 4 of this Act. The period of delay following the provision of notice prescribed by this section may be waived, but only if such waiver is given in writing by one of the parents or legal guardian of the minor.

Section 4. An abortion may be performed on the minor without compliance with Section 3 where a district judge in the county where the abortion is sought authorizes the abortion. The judge of the district court shall, upon petition, and after an appropriate hearing, issue an order authorizing an abortion practitioner to perform an abortion on a minor if such judge determines that:

(1) The minor is sufficiently mature to make the abortion decision on their own, or

(2) The abortion would be in the best interests of the minor.

The minor may participate in the proceedings in the district court on her own behalf, or the court may appoint a guardian ad litem for her. All proceedings and papers filed under this section and the name of the minor involved shall be confidential to protect the privacy of the minor. However, nothing herein shall prevent the records of these proceedings from being deemed public for statistical or other purposes, except to the extent necessary to protect the privacy of the minor involved. Completion of these proceedings shall be given precedence over other pending matters so that the court may reach a decision within forty-eight (48) hours of the time of application. The judge of the district court shall make in writing specific factual findings and conclusions of law supporting his decision. The Administrative Office of Courts shall develop for use in all district courts throughout the state a form pleading which will be available to and may be filed by the minor seeking the judicial hearing prescribed by this Section. Under no circumstances shall financial indigence preclude a minor from obtaining the judicial consideration prescribed by this section or on the appeal hereinafter prescribed by this Section. All costs and fees associated with consideration of the petition and any appeals under this section may be waived if the minor so requests. A confidential expedited appeal shall lie in the circuit court of the county in which the abortion is sought to be performed and the district court shall take such steps as are necessary to make the minor aware of her right to seek appeal and the manner in which such appeal shall be taken in the event the district court refuses to issue the order requested. The notice of intent to appeal shall be given within twenty-four hours from the date of issuance of the order. The record on appeal shall be completed and the appeal shall be perfected within five days from the filing of notice to appeal. The supreme court shall, by court rule, provide for expedited appellate review of cases appealed under this section. The rules provided for in this Section shall be promulgated and effective within 60 days after the effective date of this Act.

Section 5. Section 3 of this Act shall not apply when, in the best clinical judgment of the physician on the facts of the case before him, a medical emergency exists that so complicates the health of the minor as to require an immediate abortion. A physician who does not comply with Section 3 of this Act by reason of this exception shall certify in writing the medical indications on which his judgment was based, and shall advise one of the parents or a legal guardian of the minor about the abortion within 10 days after the abortion unless a waiver of notice is granted by a district or circuit court using the procedures and standards specified in Section 4.

Section 6. Any abortion practitioner found to have violated this Act shall be subject to (1) a civil fine of not less than \$500.00 and not more than \$5,000.00, and (2) an injunction against further such unlawful activity. Jurisdiction over suits brought to enforce this act shall lie in the circuit court. Suits instituted under this Act may be commenced up to one year after a violation occurs.

Section 7. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 8. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law, provided however, the provisions shall not be enforced against abortion practitioners for 75 days after its effective date.

Section 2. Section 2 of Act No. 83-889 of the Fourth Special Session of 1983 is hereby amended to read as follows:

"Section 2. Section 40-20-2, Code of Alabama 1975, is hereby amended to read as follows:

"Section 40-20-2.

"(a) There is hereby levied, to be collected hereafter, as herein provided, annual privilege taxes upon every person engaging or continuing to engage within the state of Alabama in the business of producing or serving oil or gas, as defined herein, from the soil or the waters, or from beneath the soil or the waters, of the state for sale, transport, storage, profit or for use. The amount of such tax shall be measured at the rate of eight percent of the gross value of said oil or gas at the point of production except as provided herein. All wells producing 25 barrels or less of oil per day or producing 200,000 cubic feet or less of gas per day shall be taxed at the rate of four percent of the gross value of said oil or gas at the point of production; all oil and gas produced from onshore discovery wells, all oil and gas produced from onshore development wells on which drilling commenced within four years of the completion date of the discovery well and producing from a depth of 6,000 feet or greater, and all oil and gas produced from onshore development wells on which drilling commenced within two years of the completion date of the discovery well and producing from a depth less than 6,000 feet shall be taxed at a rate of six (6) percent of the gross value of said oil and gas at the point of production for a period of five (5) years from the date production begins from said discovery and development wells, provided that said discovery and development wells were permitted by the State Oil and Gas Board of Alabama after July 1, 1984, provided however,

that the six percent tax rate applicable to a discovery well or development well shall be applicable to any replacement well drilled to replace the discovery well or the development well during the six-percent, five-year tax rate period for only the remainder of the said tax rate period; and all oil or gas produced by offshore production, as defined herein, at depths greater than 18,000 feet below mean sea level, shall be taxed at the rate of six percent of the gross value of said oil or gas production at the point of production.

“(b) The tax is hereby levied upon the basis of the entire population in this state, including what is known as the royalty interest, on which production the amount of such tax shall be alien a lien, regardless of the place of sale or to whom sold, or by whom used, or the fact that the delivery may be made to points outside the state; and the tax shall accrue at the time such oil or gas is severed from the soil or the waters, or from beneath the soil or the waters, and in its natural, unrefined or unmanufactured condition.

“(c) A county, city, town or municipality of the state of Alabama shall not establish, levy, impose or collect, as a condition of doing business or otherwise, any tax, fee, license or charge whatsoever, directly or indirectly, on or with respect to the production, treating, processing, ownership, sale, storage, purchase, marketing or transportation on any oil or gas produced in the state of Alabama and on which severance taxes have been paid to the state of Alabama, or upon the business of producing, treating, processing, owning, selling, buying, storing, marketing or transporting such oil or gas, or upon the ownership, operation or maintenance of plants, facilities, machinery, pipelines, gathering lines or any equipment whatsoever, which are, or may be, necessary or convenient to the production, treating, processing, ownership, storage, sale, purchase, marketing or transportation of such oil or gas; provided, that nothing herein shall be construed to prohibit, limit or restrict a county, city, town or municipality from imposing and collecting ad valorem taxes on any property, real or personal, not otherwise now exempted by law; further, the limitation herein imposed upon counties, cities, towns and municipalities shall not apply to any county, city, town or municipality which does not receive a share of the severance tax levied upon production other than offshore production as defined in Section 40-20-1 under the provisions of this article. Said limitation herein imposed upon counties, cities, towns and municipalities shall remain in full force and effect in regard to offshore production as defined in Section 40-20-1.

“(d) Nothing contained herein shall be deemed to limit or to enlarge the authority of a county, city, town or municipality to levy taxes or licenses on oil refining facilities located therein or on the suppliers of services or goods not including oil or gas to those persons engaging in the business of producing, treating, processing, owning, selling, buying, storing, marketing or transporting such oil or gas. Provided, however, no such taxes or licenses shall be levied on offshore drilling or production facilities as defined in Section 40-20-1.

“(e) In all cases of production of oil from unit operations as authorized and approved by the state oil and gas board of Alabama, for the purposes of computing the per well production aforesaid, the aggregate production of oil from the entire unit shall be divided by the number of wells within the unit, including injection, disposal and other wells utilized in unit operations, and the quotient thereof shall be deemed and declared to be the number of barrels of oil produced from each well in such unit regardless of the actual amount of oil per day produced from the well, if any.”

Section 3. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 4. All laws or parts of law which conflict with this Act are hereby repealed.

Section 5. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

By this Act the legislature directs that the aforesaid fifteen percent or other cost-of-living increase for fiscal year 1984-85 to be paid from the fund from which the institution or system receives its appropriation for the fiscal year 1984-85 is to be paid from the fund from which the institution or system receives its appropriation for the fiscal year ending September 30, 1985. It is not the intent of this Act to appropriate additional monies for this purpose.

Section 2. The state budget officer shall allocate to the State Board of Education, the Board of Trustees of the Alabama Institute for Deaf and Blind, and the Board of Directors of the Department of Youth Services for disbursement to the appropriate educational systems and institutions the funds necessary to grant a fifteen percent cost-of-living increase based on the following:

(a) Fifteen percent of the state salary allocation payable during the 1983-84 fiscal year to teacher units funded by the Alabama Special Educa-

tional Trust Fund for all elementary/secondary programs (including vocational education). The 15 percent increase on the state allotment shall be paid to each teacher in addition to all local salary increments due, based upon the local 1983-84 salary schedule.

(c) Fifteen percent of the salary payable during the 1983-84 fiscal year to all bus drivers, and all other support personnel in the elementary/secondary systems, two year colleges, and Alabama Institute for Deaf and Blind, plus any local increment due.

It is also the intent of the Legislature that all lunchrooms be fully funded by local school boards from these and any other local and/or state funds available and not just exclusively from funds generated by lunchroom sales.

Section 3. The salary and cost-of-living increases provided in this Act shall be exclusive of all local increments due.

Section 4. The provisions of this Act are severable. If any part of this Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 5. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 6. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

"Section 15. Every licensee conducting race meetings under the provisions of this act, shall pay to the Racing Commission for the use of the Commission, a tax in an amount equal to eight (8%) percent of the total contributions to all pari-mutuel pools conducted or made on any race track licensed under this act. The Commission of a licensee on a pari-mutuel pool shall in no event exceed eighteen (18%) percent of the amount contributed to said pari-mutuel pool, except as herein provided, which amount shall include the eight percent (8%) tax heretofore provided. In addition to the eighteen (18%) percent herein authorized to be withheld from pari-mutuel pools the licensee may deduct an additional two (2%) percent from all pari-mutuel betting pools where the bettors are required to select three or more dogs, which shall be added to the commission of the licensee. After the deduction of the percentages for the use of the Commission and the percentage commission of the licensee the remainder of the total contributions to each pool shall be divided among and redistributed to the contributors to such pools betting on the winning dog. The amount of each redistribution for each winning bet placed shall be determined by dividing the total amount remaining in the pool after the deductions hereinabove provided for by the number of bets placed on the winning dog. Each redistribution shall be made in a sum equal to the next lowest multiple of ten. The licensee is entitled to retain one-half ($\frac{1}{2}$) of the odd cents on all redistributions to be known as the "breaks to a dime." The remaining one-half ($\frac{1}{2}$) of the "breaks" shall be paid to the Racing Commission for the use of the Commission as a "breaks tax." Under the pari-mutuel system of wagering herein provided, the licensee shall be permitted to provide separate pools for betting for win, place, and show and also a daily double pool, a quiniela pool, a double quiniela pool, and any other type of pari-mutuel betting permitted by the Racing Commission. Each pool shall be redistributed separately as herein provided. Should there be no ticket bet on the winning dog, the entire pool will be divided among the holders of tickets on the dog running next in line until the pool has been redistributed to the contributors. The licensee shall be required to use a totalizer machine to record the wagering and compute the odds. Rules and regulations governing the operation of each of the pools shall be set out in book form by the Racing Commission. Amounts due on outstanding unredeemed mutuel tickets, which represents the winning tickets not presented for payment shall be distributed in accordance with rules and regulations promulgated by the Racing Commission.

The licensee shall collect from each person attending the race meetings under the provisions of this act fifteen percent (15%) of the established admission price or ten cents, whichever sum is the greater, as an admission tax. Licensees shall make payment of such taxes to the Racing Commission every seventh calendar day of any and every race meeting, which payment shall be accompanied by a report on the races covered by such report and such other information as the Commission may require.

By Rep. Cosby:

H. R. 286. INVITING "JULIA TUTWILER," AS PORTRAYED BY MRS. KATHRYN TUCKER WINDHAM, TO PERFORM FOR THE HOUSE OF REPRESENTATIVES AND GUESTS.

WHEREAS, the late Julia Strudwick Tutwiler, an Alabamian of great historical prominence, was the forerunner of today's involved women whose impact is felt in areas pioneered by Miss Tutwiler as long ago as 1880, during an era of Alabama's statehood in which politics were for men only; and

WHEREAS, an ardent advocate of educational opportunities for women, Miss Tutwiler also was an early champion for prison reform, whose crusade in cause fostered the movement for separate prisons for men and women and for reformatories for youthful offenders; and

WHEREAS, she further was a teacher and later president of Alabama Normal College at Livingston, established Alabama's first kindergarten and was the author of the words of our State song, "Alabama"; and

WHEREAS, though her name appears frequently in State annals, Miss Tutwiler's name also is emblazoned on the only major prison facility for women in the State of Alabama, thus commemorating the life of a great lady whose major legacy was to the women of our State; and

WHEREAS, for the benefit of the Julia Tutwiler State Prison For Women, and specifically for the construction of a prison chapel, another famous Alabama lady, Mrs. Kathryn Tucker Windham of Selma, has written a one-act play in which she performs the role of "Julia Tutwiler"; all proceeds from the benefit performance on May 10, 1984, at Montgomery's Huntingdon College will be allocated to the Tutwiler Chapel Fund; and

WHEREAS, it is our desire that in nostalgia, "Julia Tutwiler" should once gain visit our Capitol where she lobbied so many years ago, a "gentle" lady who battled alone in the political arena of the 1880's; now therefore,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE LEGISLATURE OF ALABAMA, That we herein extend an invitation for "Miss Julia Tutwiler," as portrayed by Mrs. Kathryn Windham, to appear before the House, and their Senate guests, at a date and time to be set at Mrs. Windham's convenience.

Be It Enacted by the Legislature of Alabama:

Section 1. Legislative findings: It is hereby fund and declared as follows:

(a) That the health, safety and welfare of the people of this state require the provision of certain utility services, including water and sewer services;

(b) That it is necessary for the legislature to provide additional methods by which the cities and counties in the state may provide new and improve existing utility services facilities;

(c) That historically a significant portion of the funding of the costs of construction of such utility services facilities has been provided through grants from the United States of America;

(d) That, in recent years, funds available to cities and counties from the United States of America for payment of costs of construction of utility services facilities has been substantially reduced, and it is anticipated that, in coming years, such funds may be further reduced or eliminated;

(e) That the result of the elimination of funding from the United States of America will be to place the entire burden of payment of costs of constructing and improving utility services facilities solely upon the cities and counties in the state;

(f) That the users of utility services facilities will be forced to pay increased charges in amounts sufficient to enable the cities and counties to provide funds to pay costs of constructing new and improved utility services facilities;

(g) That it may be impossible for cities and counties to raise rates with respect to the use of such utility services facilities to such levels as will provide funds sufficient to enable such cities and counties to pay substantially all of the costs of constructing and improving such utility services facilities;

(h) That the legislatures in other states of the United States of America, including surrounding states, have enacted or are considering legislation making available to cities and counties new and different methods of financing the costs of such utility services facilities, to the end that the entire burden of the loss of funds from the United States of America will not be placed directly on the users of such utility services in the form of substantially increased charges;

(i) That among the alternatives available to cities and counties in the construction of new and improved utility services facilities is the encouragement of private investment in the construction, ownership and operation of utility services facilities;

(j) That to the extent that the provision of utility services facilities in connection with private ownership and operation reduces the cost of service, the people of this state are greatly benefited by lower cost to the users of such utility services facilities;

(k) That to the extent that utility services charges in this state are substantially higher than in surrounding states, the industrial development of the state is adversely affected and the improvement of the quality of the environment of the state impeded.

The legislature, therefore, finds and declares that it is necessary, desirable and in the public interest that additional and alternative methods of

providing for the construction and improvement of certain utility services facilities be provided; and that the provisions of this act are in the public interest and promote the health, welfare and safety of the citizens of this state.

As promptly as may be practicable after the filing of the application with it in accordance with the provisions of this section, the governing body of the county or the municipality with which the application was filed shall review the contents of the application, and shall adopt a resolution either denying the application or declaring that it is wise, expedient, necessary or advisable that the proposed corporation be formed and authorizing the applicants to proceed to form the proposed corporation by the filing for record of a certificate of incorporation in accordance with the provisions of section 4 hereof. The governing body with which the application is filed shall also cause a copy of the application to be spread upon or otherwise made a part of the minutes of the meeting of such governing body at which final action upon said application is taken.

Section 4. Incorporation procedure; contents, execution and filing of certificate of incorporation. (a) Within 40 days following the adoption of an authorizing resolution the applicants shall proceed to incorporate a corporation by filing for record in the office of the judge of probate of the county or one of the counties in which the determining subdivision is located a certificate of incorporation which shall comply in form and substance with the requirements of this section and which shall be in the form and executed in the manner herein provided.

(d) Upon the filing for record of the said certificate of incorporation and the documents required by the preceding sentence to be attached thereto, the corporation shall come into existence and shall constitute a public corporation under the name set forth in said certificate of incorporation. The judge of probate shall thereupon send a notice to the secretary of state that the certificate of incorporation of the corporation has been filed for record.

Section 5. Amendments to certificate of incorporation. The certificate of incorporation of any corporation incorporated under the provisions of this act may at any time and from time to time be amended in the manner provided in this section. The board shall first adopt a resolution proposing an amendment to the certificate of incorporation which shall be set forth in full in the said resolution and which amendment may include any matters which might have been included in the original certificate of incorporation.

After the adoption of the board of a resolution proposing an amendment to the certificate of incorporation of the corporation, the chairman of the board and the secretary of the corporation shall sign and file a written application in the name of and on behalf of the corporation, under its seal, with the governing body of the determining subdivision, requesting such governing body to adopt a resolution approving the proposed amendment,

and accompanied by a certified copy of the said resolution adopted by the board proposing the said amendment to the certificate of incorporation, together with such documents in support of the application as the said chairman may consider appropriate. As promptly as may be practicable after the filing of the said application with the governing body of the determining subdivision pursuant to the foregoing provisions of this section, that governing body shall review the said application and shall find and determine whether it is wise, expedient, necessary or advisable for the said amendment to be made. In finding and determining whether it is wise, expedient, necessary or advisable for the said amendment to be made, the said governing body may consider, in conjunction with any other factors it may deem relevant, alternative means of accomplishing any lawful objective or purpose of the said amendment affecting the public interest. If the said governing body finds and determines that it is wise, expedient, necessary or advisable for the said amendment to be made, it shall adopt a resolution declaring that it has reviewed the said application and has found and determined as a matter of fact that it is wise, expedient, necessary or advisable for the said amendment to be made; if the said governing body finds and determines that it is not wise, expedient, necessary or advisable for the said amendment to be made, it shall deny the application. Such governing body shall also cause a copy of the said application and all accompanying documents to be spread upon or otherwise made a part of the minutes of the meeting of said governing body at which final action upon the said application is taken.

Within 40 days following the adoption by the governing body of the determining subdivision of a resolution finding and determining as a matter of fact that it is wise, expedient, necessary or advisable for said amendment to be made, the chairman of the board of the corporation and the secretary of the corporation shall sign, and file for record in the office of the judge of probate with which the certificate of incorporation of the corporation was originally filed a certificate in the name of and in behalf of the corporation, under its seal, reciting the adoption of said respective resolutions by the board and by the said governing body and setting forth the said proposed amendment. If the proposed amendment provides for a change in the name of the corporation, there shall be filed, together with the certificate required by the immediately preceding sentence, a certificate by the secretary of state showing that the proposed new name of the corporation is not identical to that of any other corporation then in existence and organized under the laws of the state or so nearly similar to that of any other such corporation as to lead to confusion and uncertainty. The judge of probate shall promptly examine each such certificate and shall determine whether it is complete and regular on its face and whether the proposed amendment complies with the provisions of this act. If the judge of probate shall find that each such certificate is complete and regular on its face and that the proposed amendment complies with the provisions of this act, he shall require each such certificate to be recorded in the permanent records maintained in his office. Upon the filing of the aforesaid certificates, the said amendment to the certificate of incorporation shall become effective. If the proposed amendment effects a change in the name of the corporation, the judge of probate shall promptly send a notice to the secretary of state, advising him of such change. No certificate of incorporation of a corporation shall be amended except in the manner provided in this section.

Section 6. Board of directors of corporation; election; terms of office; vacancies; qualifications; expenses; impeachment. (a) Each corporation shall be governed by a board of directors. All powers of the corporation shall be exercised by the board or pursuant to its authorization. The board

shall consist of three directors who shall be elected by the governing body of the determining subdivision for staggered terms as hereinafter provided. The governing body of the determining subdivision shall specify for which term each director is elected. The initial term of office of one director shall begin immediately upon his election and shall end at 12:01 o'clock, A.M., on January 1 of the first succeeding odd-numbered calendar year following his election. The initial term of office of another director shall begin immediately upon his election and shall end at 12:01 o'clock, A.M., on January 1 of the second succeeding odd-numbered calendar year following his election. The initial term of the remaining director shall begin immediately upon his election and shall end at 12:01 o'clock, A.M., on January 1 of the third succeeding odd-numbered calendar year following his election. Thereafter, the term of office of each such director shall be six years. If at any time there should be a vacancy on the board, a successor director to serve for the unexpired term applicable to such vacancy shall be elected by the governing body of the determining subdivision. If the term of office being served by any director shall expire prior to the election of such director for a new term or prior to the election of his successor by the governing body of the determining subdivision, such director shall continue to serve until his successor is elected and qualified, and if such director is elected for a new term after the expiration of the immediately preceding term which he has been serving, his new term of office shall be deemed to have commenced as of the expiration of such immediately preceding term.

(b) Any officer of the determining subdivision shall be eligible for appointment and may serve as a member of the board for the term for which he is appointed or during his tenure as an officer of the determining subdivision, whichever expires first, but he shall not receive a fee for his services; provided, however, that at no time shall the board consist of more than one officer of the determining subdivision. Each director must be a duly qualified elector of the determining subdivision. Directors shall be eligible for reelection. Each director shall be reimbursed for expenses actually incurred by him in and about the performance of his duties. (c) A majority of the directors shall constitute a quorum for the transaction of business. No vacancy in the membership of the board or the voluntary disqualification or abstention of any member thereof shall impair the right of a quorum to exercise all of the powers and duties of the corporation.

(d) Any director of the corporation may be impeached and removed from office in the same manner and on the same grounds provided in section 175 of the Constitution of Alabama, or successor provision thereof, and the general laws of the state for impeachment and removal of the officers mentioned in section 175, or successor provision thereof.

(e) All proceedings of the board shall be reduced to writing by the secretary of the corporation and maintained in the permanent records of the corporation. Copies of such proceedings, when certified by the secretary of

the corporation under the seal of the corporation, shall be received in all courts as evidence of the matters therein certified.

Section 7. Officers of corporation. The officers of a corporation shall consist of a chairman, a vice-chairman, a secretary, a treasurer and such other officers as its board shall deem necessary or appropriate. The offices of secretary and treasurer may but need not be held by the same person. The chairman and vice-chairman of a corporation shall be elected by the board from the membership thereof; the secretary, the treasurer, and any other officers of the corporation may but need not be members of the board and shall also be elected by the board. The chairman, vice-chairman, secretary and treasurer of the corporation shall also be the chairman, vice-chairman, secretary and treasurer of the board, respectively.

(16) To enter into a management contract or contracts with any municipality, any county, or any person or persons for the management, supervision or operation of all or any part of its facilities as may in the judgment of such corporation be necessary or desirable in order to perform more efficiently or economically any function for which it may become responsible in the exercise of the powers conferred upon it by this act.

(17) To procure insurance against any loss in connection with its property and other assets in such amounts and from such insurers as its board may deem desirable;

(18) To the extent permitted by the contracts of such corporation with the holders of its bonds and if not otherwise specifically prohibited by any other provision of this act, to invest its moneys (including, without limitation, the moneys held in any special fund created pursuant to any trust indenture or agreement or resolution securing any of its bonds and proceeds from the sale of any bonds) not required for immediate use in eligible investments;

(19) To include in any borrowing by such corporation such amounts as may be deemed necessary by its board to pay bond discount, commissions or other financing charges, interest on the obligations issued in evidence of such borrowing for such period as its board shall deem advisable, fees and expenses of financial advisors and planning and management consultants, all legal, accounting, publishing, printing, recording and filing fees and expenses and such other expenses as shall be necessary or incident to such borrowing;

(20) To the extent permitted by its contracts with the holders of its bonds, to purchase bonds of such corporation out of any of its funds or moneys available therefor and to hold, cancel or resell such bonds;

(21) To secure payment of bonds or other obligations of such corporation, including performance obligations relating to processes and facilities involved in providing utility services, by procuring or agreeing to procure (i) insurance or guarantees from the United States of America or any agency or instrumentality thereof, or (ii) insurance, guarantees, letters of credit and other sureties from banks, insurance companies and other financial institutions, and to pay premiums, commissions and fees necessary to procure such insurance, guarantees, letters of credit or other sureties;

(22) To establish and maintain one or more special debt service reserve funds and such other special fund or funds as may be necessary or desirable for its corporate purposes and to pay into each such fund any moneys contributed or granted to such corporation for the purpose of such fund by any governmental or public entity or any private party, any proceeds from the sale of bonds to the extent provided in the resolution adopted by the board of such corporation authorizing the issuance of such bonds and any other moneys which may be made available to such corporation for the purpose of such fund from any other source or sources.

(23) To require payments in lieu of taxes with respect to any facilities to be made by a provider to the state, a county or a municipality, or any two or more thereof; and

(b) Any facility or facilities of a corporation organized pursuant to determination by a determining municipality may be located within or with-

out or partially within and partially without the determining municipality, subject to the following conditions:

(1) No such facility or part thereof shall be located more than 30 miles from the corporate limits of the determining municipality;

(2) No such facility or part thereof shall be located within the corporate limits of a municipality other than the determining municipality in this state unless the governing body of such other municipality has first adopted a resolution consenting to the location of such facility or part thereof in such municipality; and

(3) No such facility or part thereof shall be located in a county other than that (or those) in which the determining municipality (or part thereof) is situated unless the governing body of such other county has first adopted a resolution consenting to the location of such facility or part thereof in such county.

(c) Any facility or facilities of a corporation organized pursuant to determination by a determining county may be located within or without or partially within and partially without the determining county, subject to the following conditions:

(1) No part of a facility shall be located more than three miles outside the boundaries of the determining county;

(2) In no event shall any facility or part thereof be located within the corporate limits of a municipality unless the governing body of such municipality has first adopted a resolution consenting to the location of such facility or part thereof in such municipality; and

(3) No such project or part thereof shall be located in a county other than the determining county unless the governing body of such other county has first adopted a resolution consenting to the location of a part of such facility in such other county.

Section 9. Bonds of corporation — generally. (a) Any corporation shall have the power to issue, sell and deliver at any time and from time to time its bonds in such principal amount or amounts as its board shall determine to be necessary to provide sufficient funds for achieving any of its corporate purposes, including the payment of interest on any of its bonds, the establishment of reserves to secure any such bonds and all other expenditures of such corporation incident to and necessary or convenient to carry out its corporate purposes and powers. Any corporation shall also have the power to issue from time to time bonds to renew bonds and bonds to pay bonds, including interest thereon and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any other of its corporate purposes.

(b) The bonds issued by any corporation shall be authorized by resolution or resolutions adopted by its board, shall bear such date or dates and shall mature at such time or times as such resolution or resolutions may provide, except that no bond shall mature more than 40 years from date of its issue. The bonds of any corporation may be issued as serial bonds or as term bonds or as a combination thereof. The bonds of any corporation shall bear interest at such rate or rates, be in such form and denominations, either coupon or registered, carry such registration privileges, be executed by such officers of such corporation and in such manner, be payable in such

medium of payment, at such place or places within or without the state and be subject to such terms of redemption as may be provided in the resolution or resolutions by which they are authorized to be issued. The bonds of any corporation may be sold by such corporation at public or private sale at such price or prices as such corporation shall determine. If such action shall be deemed advisable by the board, there may be retained in the proceedings under which any of such bonds are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be recited in summary form on the face of such bonds; provided that any bond of any corporation having a specified maturity more than 15 years after its date shall be made subject to redemption at the option of such corporation at the expiration of 15 years from its date and on any interest payment date thereafter at such price or prices and after such notice or notices and on such terms and in such manner as may be provided in the resolution adopted by the board of such corporation authorizing the issuance of such bond. Any corporation may pay all expenses, premiums and commissions which its board may deem necessary and advantageous in connection with the issuance of any of its bonds. Issuance by any corporation of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds, but the resolutions whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for the benefit of any prior issue of bonds, unless in the proceedings authorizing such prior issue the right was reserved to issue subsequent bonds on a parity with such prior issue.

(c) Prior to the preparation of definitive bonds, the corporation may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

(d) All obligations created or assumed and all bonds issued or assumed by any corporation shall be solely and exclusively an obligation of such corporation and shall not create an obligation or debt of the state, the determining subdivision, any other county or, municipality or any other political subdivision of the state or any instrumentality or governmental agency existing under the laws thereof; provided, that the provisions of this subsection shall not be construed to release the original obligor from liability on any bond or other obligation assumed by the corporation.

Section 10. Security for payment of bonds; contracts and agreements to secure. (a) Bonds issued by any corporation may, as its board may deem advisable, be either general obligations of such corporation or limited obligations payable only out of certain specified revenues or assets of such corporation; provided, that any corporation may enter into contracts with the holders of any of its bonds preventing such corporation from thereafter issuing general obligation bonds or limiting the amount of such bonds that may thereafter be issued. To the extent permitted by any contracts with the holders of outstanding bonds and any other contractual obligations or requirements, any corporation may pledge any of its revenues or mortgage or assign any of its assets, whether real or personal and whether tangible or intangible, to secure the payment of any of its bonds.

(b) As security for payment of the principal of and the interest and premium, if any, on any bonds issued or assumed by it, any corporation may

enter into a contract or contracts, and adopt resolutions or other proceedings containing provisions constituting a part of the contract or contracts with the holders of such bonds, pertaining to, among other things, the following matters:

(1) Pledging all or any part of the revenues of such corporation to secure the payment of such bonds, subject to contracts with the holders of its then outstanding bonds;

(2) Pledging, assigning or mortgaging all or any part of the assets of such corporation to secure the payment of such bonds, subject to contracts with the holders of its then outstanding bonds;

(3) The creation of reserves, sinking funds or other funds and the regulation and disposition thereof;

(4) Limitations on the purpose to which the proceeds of sale of such bonds may be applied and pledging such proceeds to secure the payment of such bonds;

(5) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds;

(6) Binding the corporation to impose and collect reasonable rates for and the imposition of reasonable regulations respecting any service rendered from or with respect to any facility or facilities;

(7) The procedure, if any, by which the terms of any contract with the holders of such bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

(8) Limitations on the amount of moneys to be expended by such corporation for its operating expenses;

(9) Vesting in a trustee or trustees such property, rights, powers and duties as such corporation may determine;

(10) Defining the acts or omissions to act that shall constitute a default in the performance of the obligations and duties of such corporation to the holders of such bonds and providing for the rights and remedies of such holders in the event of such default; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and the other provisions of this act; and

(11) Any other matters of like or different character which in any way affect the security or protection of the holders of such bonds.

(c) Any mortgage of property granted by any corporation, any security interest in property created by it or any assignment or pledge of revenues or contract rights made by it, in each case to secure the payment of its bonds, shall be valid and binding from the time when such mortgage is granted, such security interest is created or such assignment or pledge is made, as the case may be, and the property so mortgaged, the property with respect to which such security interest is so created and the revenues and contract rights so assigned or pledged shall immediately (or as soon thereafter as such corporation obtains any right thereto or interest therein) be subject to such mortgage, security interest, assignment or pledge, as the case may be, without physical delivery of any property, revenues or contract documents covered thereby or any further act, and the lien of any such mortgage, security interest, assignment or pledge shall be valid and binding as against

all persons having claims of any kind in tort, contract or otherwise against such corporation, irrespective of whether such persons have actual notice thereof, from the time notice of such mortgage, security interest, assignment or pledge is filed for record (i) in the office of the judge of probate in which the certificate of incorporation of such corporation was filed for record and (ii) in the case of any mortgage or security interest covering any tangible property, whether real, personal or mixed, in the office of the judge of probate of the county in which such property is or is to be located pursuant to any agreement made by such corporation with any person respecting the location and use of such property. Such notice shall contain a statement of the existence of any such mortgage, security interest, assignment or pledge, as the case may be, a description of the property, revenues or contract rights subject thereto and a description of the bonds secured thereby, all in terms sufficient to give notice to a reasonably prudent person of the existence and effect of any such mortgage, security interest, assignment or pledge. If the requirements of the preceding sentence are met, such notice may consist of (i) a summary statement prepared specially for the purpose of serving as such notice, (ii) an executed counterpart of any mortgage, security agreement, assignment, trust indenture or any other instrument granting such mortgage, creating such security interest or making such assignment or pledge, as the case may be, or (iii) a certified copy of the resolution adopted by the board of such corporation authorizing such mortgage, security interest, assignment or pledge, as the case may be.

(d) Any corporation shall have power, subject to contracts with the holders of its then outstanding bonds, to purchase for retirement and cancellation any of its bonds and to use any of its available funds for such purpose, provided that, if such bonds are then redeemable, the purchase price thereof shall not exceed the redemption price then applicable, plus accrued interest thereon to the date of purchase, and if such bonds are not then redeemable, the purchase price thereof shall not exceed the redemption price applicable on the earliest date after such purchase upon which such bonds become subject to redemption, plus accrued interest thereon to the date of purchase.

(e) The bonds of any corporation may, at the discretion of such corporation, be issued under and secured by a trust indenture or trust indentures by and between such corporation and a corporate trustee, which may be any trust company or bank having the power of a trust company within or without the state. Any such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of such corporation in relation to the exercise of its corporate powers and the custody, safeguarding and application of all moneys. Such authority may provide by any such trust indenture for the payment to the trustee thereunder or other depository of the proceeds of any bonds issued thereunder and any revenues pledged for the security of such proceeds and revenues, with such safeguards and restrictions as it may determine. All expenses incurred in connection with such trust indenture may be treated as part of the operating expenses of such corporation.

(f) Whether or not the bonds of any corporation are of such form and character as to be negotiable instruments under the terms of the Alabama Uniform Commercial Code, such bonds are hereby made negotiable instruments within the meaning of the Alabama Uniform Commercial Code and for all purposes thereof, subject only to any registration provisions of such bonds. In case any of the directors or officers of any corporation whose signatures appear on any bonds or coupons appertaining to any bond shall

cease to be such directors or officers before the delivery of such bonds or coupons, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if such directors or officers had remained in office until such delivery.

(g) The directors and officers of any corporation shall not be subject to any personal liability by reason of the issuance of any bonds of such corporation.

Section 11. Proceeds from sale of bonds. All moneys derived from the sale of any bonds issued by a corporation shall be used solely for the purpose or purposes for which the same are authorized; provided, however, that if for any reason any part of such proceeds shall not be necessary for such purposes, then such unexpended part of such proceeds shall be applied to the payment of the principal or of interest on the said bonds. All accrued interest and premium received in any such sale shall be applied to the payment of interest or principal on the bonds sold.

Section 12. Refunding bonds. (a) Any bonds issued or assumed by a corporation may from time to time be refunded by the issuance, by sale or exchange, of refunding bonds payable from the same or different sources for the purpose of paying all or any part of the principal of the bonds to be refunded, any redemption premium required to be paid as a condition to the redemption prior to maturity of any such bonds that are to be so redeemed in connection with such refunding, any accrued and unpaid interest on the bonds to be refunded, any interest to accrue on each bond to be refunded to the date on which it is to be paid, whether at maturity or by redemption prior to maturity, and the expenses incurred in connection with such refunding including, without limitation to, attorneys' fees, costs of printing the refunding bonds, financial advisors' fees and accountants' fees; provided, that unless such bonds are duly called for redemption pursuant to provisions contained therein, the holders of any such bonds then outstanding and proposed to be refunded shall not be compelled without their consent to surrender their outstanding bonds for such refunding. The issuance of such refunding bonds, the maturities and other details thereof, the rights of the holders thereof and the rights, duties and obligations of such corporation in respect thereof shall be governed by the provisions of this act relating to the issuance of bonds generally, to the extent that such provisions may be appropriate therefor.

(b) Refunding bonds issued by any corporation may be sold or exchanged for outstanding bonds issued under this act and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds. Pending the application of the proceeds of any such refunding bonds for any of the purposes provided in this section, such proceeds may be invested in any eligible investments pursuant to an escrow agreement providing for the future application of such proceeds in accordance with such purposes.

Section 13. Freedom of corporation from supervision and control of state; applicability of certain laws regarding operation of facilities. (a) This act is intended to aid the state through the furtherance of the purposes of the act by providing appropriate and independent instrumentalities with full and adequate powers to fulfill their functions. Except as expressly provided in this act, no proceeding, notice or approval shall be required for the incorporation of any corporation or the amendment of its certificate of incorporation, the purchase of any note or other instrument secured by a mortgage, deed of trust, note or other security interest, the issuance of any

bonds, the execution of any mortgage and deed of trust or trust indenture, or the exercise of any other of its powers by a corporation. Neither a public hearing nor the consent of the state department of finance or any other department, agency, bureau, board or corporation of the state shall be prerequisite to the issuance of bonds by a corporation.

(b) Each corporation shall, however, be subject to the provisions of the laws of this state respecting the operation of facilities of the corporation, including particularly the provisions of Chapters 23, 25 and 26 of Title 22 of the Code of Alabama of 1975.

Section 14. Power of eminent domain. Each corporation organized under the provisions of this act is hereby granted the power of eminent domain and may exercise such power in the manner provided by law for the purpose of obtaining real property for any facility or part thereof.

Section 15. Contacts; cooperation; aid and agreements from other bodies. (a) For the purpose of attaining the objectives of this act, any county, municipality or other political subdivision, public corporation, agency or instrumentality of the state, a county or municipality may, upon such terms and with or without consideration, as it may determine, do any or all of the following:

(1) Lend or donate money to any corporation or perform services for the benefit thereof;

(2) Donate, sell, convey, transfer, lease or grant to any corporation, without the necessity of authorization at any election of qualified voters, any property of any kind; and

(3) Do any and all things, whether or not specifically authorized in this section, not otherwise prohibited by law, that are necessary or convenient to aid and cooperate with any corporation in attaining the objectives of this act.

(b) Without in any way limiting the generality of the foregoing, any municipality, county or any political subdivision or agency of the state or of a county or municipality, a public corporation or any other entity is authorized to convey to the corporation, and the corporation in turn is authorized to convey to any person, any existing facility, it being hereby specifically declared that the agreement of any person to whom such conveyance is made to provide a facility or facilities that are in full compliance with all such applicable federal and state laws and regulations shall be deemed to be adequate consideration for any such transfer.

Section 16. Utility services agreements; incurring indebtedness by governmental users; enforceability of utility services agreements. (a) Any county or municipality, or any instrumentality of either thereof, if authorized by resolution or ordinance of its governing body, may enter into one or more utility services agreements with a provider or providers pursuant to which such provider or providers shall provide one or more utility services for, or for the benefit of, any such governmental user that is a party to such utility services agreement. Any such utility services agreement may provide for the purchase by the governmental user thereunder of all or any part of the capacity, capability or output of the facilities used to provide the applicable utility services. Since the receipt of utility services by a governmental user pursuant to a utility services agreement affords such governmental user the benefits of such utility services without the burdens of ownership and operation of the facilities for the provision of such utility services, and since the payments by such governmental user under such utility services agree-

ment will constitute, in whole or in part, the source of repayment for any financing of the facilities for the provision of such utility services, any utility services agreement may provide (i) that the governmental user thereunder shall be obligated to make the payments required of it by such utility services agreement whether or not the applicable facilities are completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the capacity, capability or output, as in the case may be applicable, of such facilities or the utility services contracted for, the nonperformance or nondelivery of the utility services contracted for, or the inability, for any reason, of the governmental user to receive or partake of the utility services so contracted for, and (ii) that the payments by the governmental user under such utility services agreement shall not be subject to any reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance by the provider or providers under such utility services agreement. Any utility services agreement pursuant to which utility services are to be provided to more than one governmental user may also provide that if one or more of such governmental users shall default in the payment of its or their obligations thereunder, then in such event the other governmental user or users that are parties to such utility services agreement shall be required to accept and pay for, and shall be entitled proportionately to and may use or otherwise dispose of, the utility services (or the capacity, capability or output thereof) which was to be received by the defaulting governmental user. Any utility services agreement may provide that the obligation of any governmental user to make payments thereunder in respect of utility services shall be as absolute and unconditional as the obligation of such governmental user to repay money that it borrowed directly on its own credit for the purpose of financing the acquisition of facilities that would be used to provide utility services equivalent to those proposed to be provided pursuant to such utility services agreement. Any utility services agreement may extend for a period not exceeding 40 years from the date that such utility services agreement is entered into.

(b) It is hereby recognized that this act confers upon any governmental user the right to incur payment obligations under a utility services agreement that may constitute debt within the meaning of constitutional limitations and other applicable laws of the state, but, that fact notwithstanding, nothing contained in this act shall be construed

(i) to cause any such debt to lose any exemption from any constitutional debt limit to which, absent any claimed effect of any provision of this act, it would be entitled by virtue of the fact that it was incurred for the purpose of providing waterworks, sewers or sewerage, or

(ii) to prevent any governmental user from entering into a utility services agreement which provides that payments thereunder due in any fiscal year shall be payable only out of the revenues received by such governmental user during such fiscal year.

(c) In the event of any failure or refusal on the part of any governmental user to perform punctually any covenant or obligation contained in any utility services agreement, the provider under such utility services agreement shall have the right (i) to recover damages from such governmental user through an action at law or (ii) to enforce performance by such governmental user of such covenant or obligation through any legal or equitable process, including mandamus or specific performance.

Section 17. Prior Approval of Utility Services Agreements and Re-

lated Agreements with Governmental Users; Notice and Public Hearings.

(a) No utility services agreement or related agreements in connection with the acquisition, construction, equipment or operation of any facilities may be entered into by any governmental user pursuant to the provisions of this act unless the entering into of such utility services agreement and related agreements by such governmental user is approved by resolution adopted by the governing body of such governmental user in accordance with the provisions of this act; and any utility services agreement or related agreements entered into without prior compliance with the provisions of this section shall be void; provided, however, that no public hearing pursuant to the provisions of this section shall be required in connection with the entering into of any utility services agreement by Tannehill Furnace and Foundry Commission.

(b) No approval of any utility services agreement or related agreements by the governing body of any governmental user shall be effective for purposes of this act unless such approval is obtained in compliance with the provisions of this section. Prior to entering into any utility services agreement or related agreements, the governing body of any governmental user shall designate a place, date and time at which such governing body shall meet to consider all views expressed by the general public, whether in support or opposition, with respect to such utility services agreement, the utility services to be provided thereunder or any related agreements for the acquisition, construction, equipment or operation of facilities for provision of such utility services. The date of such meeting to hear the views of the general public shall be not less than three weeks after the date on which notice thereof is first published as hereinafter provided. Notice of such meeting shall be published once a week for three consecutive weeks in some newspaper published within the territorial boundaries of such governmental user in the event that the governmental user is a county or municipality, or within the territorial limits of the pertinent determining subdivision or subdivisions in the event that the governmental user is an instrumentality; provided, however, that if no newspaper is at the time being published within the territorial boundaries of such governmental user, or such determining subdivision or subdivisions, as in the case may be applicable, such notice shall be published in a newspaper which the governing body of such governmental user determines to have general circulation within the territorial boundaries of such governmental user or such determining subdivision or subdivisions, as in the case may be applicable; provided further that if no newspaper is at the time being published within the territorial boundaries of such governmental user or such determining subdivision or subdivisions, as in the case may be applicable, and if the governing body of such governmental user determines that there is no newspaper at the time having general circulation within the territorial boundaries of such governmental user or such determining subdivision or subdivisions, as in the case may be applicable, then such notice may be published by posting for three weeks in three public places within such territorial boundaries. Such notice shall be deemed to comply with the requirements of this act if it contains (i) a statement of the intention of the governing body of such governmental user to meet at the designated place, date and time for the purpose of hearing and considering the views of the general public with respect to the approval by such governing body of the entering into of the utility services agreement and related agreements in question, (ii) a brief description of such utility services agreement and related agreements and (iii) the proposed street address of the facilities for the provision of the utility services in question or such other description of the proposed location thereof as will be intelligible to the general public.

At the meeting with respect to which such notice is published, the governing body of the governmental user shall hear and consider the views of all persons desiring to be heard and may thereafter at the same meeting adopt a resolution expressing its final approval or disapproval of the entering into such utility services agreement and related agreements. Instead of taking final action with respect to such utility services agreement and related agreements at the first meeting held to heard the views of the general public, such governing body may defer such action to a subsequent meeting, and it may also continue to hear the views of the general public with respect to such utility services agreement and related agreements during one or more subsequent meetings until it takes such final action, but it may not take any final action with respect to the approval or disapproval of such utility services agreement and related agreements, or conduct other hearings with respect thereto, at any subsequent meeting unless (i) such subsequent meeting is a regular meeting of such governing body or a valid adjournment thereof and (ii) the preceding meeting at which such utility services agreement and related agreements were last considered, such subsequent meeting was publicly designated by such governing body as the place, date and time to which further consideration of such utility services agreement and related agreements was to be continued.

The decision of the governing body of any governmental user to grant or refuse any approval of the entering into of any utility services agreement or related agreements required by the provisions of this act shall be within the sole discretion of such governing body, and, except to the extent affected by fraud, bribery or other unlawful conduct, the reasonableness or fairness of such governing body in approving or refusing to approve the entering into of any such utility services agreement and related agreements shall not be the subject of any case, controversy or inquiry brought before any court of the state.

Section 18. Exemption from taxation, etc. (a) Every corporation shall exercise its powers in all respects for the benefit of the people of the state, for their well being and for the improvement of their health, welfare and social condition, and the exemptions from taxation hereinafter described are hereby granted in order to promote the more effective and economical exercise of such powers.

(b) No income, sales, use or other excise or license tax shall be levied upon or collected in the state with respect to any corporate activities of a corporation or any of its revenues, income or profit. Further, if, pursuant to any contractual arrangement between a corporation and a provider, any facility has been or is to be acquired by such corporation and leased or sold to such provider or has been or is to be financed by a loan from such corporation, then in such case any property used in the construction and equipment of such facility, regardless of whether such property has been purchased by such corporation, such provider or any contractor or agent of either thereof, shall be exempt from the use tax imposed by article 2 of chapter 23 of Title 40 and all other use and similar excise taxes now or hereafter levied on or with respect to any such property by the state or any county, municipality or other political subdivision or instrumentality of any thereof.

Section 20. Exemption from competitive bid laws. Any corporation and all contracts made by it shall be exempt from the laws of the state requiring competitive bids for any contract to be entered into by counties, municipalities, public corporations or other instrumentalities authorized by them, including, but without limitation to, the provisions of article 3 of chapter 16 of Title 41. Further, all contracts, whether or not involving any

corporation as a party thereto, which relate to the design, construction, acquisition, financing or operation of any facilities that are financed, in whole or in part, by any corporation pursuant to the provisions of this act (including, without limitation, utility services agreements and contracts for the design, construction and equipment of such facilities) shall be exempt from (i) such laws requiring competitive bids for any contract to be entered into by counties, municipalities, public corporations or other instrumentalities authorized by them, including, but without limitation to, the provisions of article 3 of chapter 16 of Title 41, and (ii) the laws of the state limiting the duration of any contracts for the purchase of personal property or contractual services by counties, municipalities, public corporations or other instrumentalities authorized by them, including, without limitation to, the provisions of article 3 of chapter 16 of Title 41.

Every corporation shall be a nonprofit public corporation and no part of its net earnings remaining after payment of its expenses shall inure to the benefit of any private person, except that in the event a board shall determine that sufficient provisions has been made for the full payment of the expenses, bonds and other obligations of a corporation, then any net earnings of a corporation thereafter accruing shall be paid to its determining subdivision.

Section 22. Bonds of corporation as legal investments. The bonds of any corporation shall be legal investments in which the state and its agencies and instrumentalities, all counties, municipalities and other political subdivisions of the state and public corporations organized under the laws thereof, all insurance companies and associations and other persons carrying on an insurance business, all banks, savings banks, savings and loan associations, trust companies, credit unions and investment companies of any kind, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds in their control or belonging to them.

Section 23. Dissolution of corporation; vesting of title to corporation's property in determining subdivision. At any time when any corporation has no bonds or other obligations outstanding and when there shall be no other obligations assumed by such corporation that are then outstanding, the board of such corporation may adopt a resolution, which shall be duly entered upon its minutes, declaring that the corporation shall be dissolved. Upon filing for record of a certified copy of the said resolution in the office of the judge of probate with which the corporation's certificate of incorporation was filed, the corporation shall thereupon stand dissolved and, in the event it owned any assets or property at the time of its dissolution, the title to all such assets or property shall thereupon vest in the determining subdivision.

Section 24. Incorporation of another corporation by same determining subdivision. The formation or dissolution of one or more corporations incorporated under the provisions of this act shall not prevent the subsequent incorporation hereunder of other corporations pursuant to authorization by the same determining subdivision.

Section 25. Notice of bond resolution; contest to validity of bonds, etc. (a) Upon the adoption by the board of any corporation of any resolution providing for the issuance of bonds, such corporation may, in the discretion of its board, cause a notice respecting the issuance of such bonds to be published once a week for two consecutive weeks in each county in which shall

be located any facility financed or in any way assisted by the issuance of such bonds, such publication in each such county to be in a newspaper having general circulation therein. Such notice shall be in substantially the following form (the blanks being properly filled in), at the end of which shall be printed the name and title of either the chairman or secretary of such corporation: "_____, a public corporation and instrumentality of the state of Alabama, on the _____ day of _____, authorized the issuance of \$_____ principal amount of bonds (or notes or other obligations, as the case may be) of the said public corporation for purposes authorized in the act of the legislature of Alabama under which the said public corporation was organized. Any action or proceeding questioning or contesting the validity of the said bonds (or notes or other obligations), or the instruments securing the same, or the proceedings authorizing the same, must be commenced on or before _____ (here insert date determined in accordance with the provisions of subsection (b) of this section)."

(b) The date stated in such notice as the date on or before which any action or proceeding questioning or contesting the validity of the bonds referred to therein must be commenced shall be a date at least 30 days after the date on which occurs the last publication of such notice necessary for it to have been published at least once in all counties in which it is required to be published. Any action or proceeding in any court to set aside or question the proceedings for the issuance of the bonds referred to in such notice or to contest the validity of any such bonds, or the validity of any instruments securing the same, must be commenced on or before the date determined in accordance with the preceding sentence and stated in such notice as the date on or before which any such action or proceeding must be commenced. After such date no right of action or defense shall be asserted questioning or contesting the validity of such bonds, or the instruments securing the same, or the proceedings authorizing the same, nor shall the validity of such bonds or such instruments or proceedings be open to question in any court on any ground whatsoever, except in an action or proceeding commenced on or before such date.

Section 26. Provisions are cumulative. The provisions of this act are cumulative and shall not be deemed to repeal existing laws, except to the extent such laws are clearly inconsistent with provisions of this act.

Section 27. Liberal construction. This act shall be construed liberally to effect its purposes and neither this act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which any corporation might otherwise have under any laws of the state, and the provisions of this act are cumulative to any such powers.

This act does and shall be construed to provide a complete, additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to other laws. However, the issuance of bonds of any corporation under the provisions of this act need not comply with the requirements of any other law of the state generally applicable to the issuance of bonds, notes and other obligations by other public corporations organized under the laws of the state.

Section 28. Severability. In the event any section, sentence, clause or portion of this act should be declared invalid by any court of competent jurisdiction, such invalidity shall not affect the validity of any of the remaining sections, sentences, clauses or portions of this act, which shall continue effective.

Section 29. Effective date of act. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Was taken up.

The question was then on the adoption of the substitute reported by the Standing Committee on Ways and Means, said committee substitute being as follows:

A BILL
TO BE ENTITLED
AN ACT

To provide authority for the governing body of any Class 2 municipality covered by the Employees' Retirement System of Alabama, with the consent of the Board of the Employees' Retirement System of Alabama, to provide credit for the prior service of new employees to the extent of their prior service with public employers eligible for coverage under the Employees' Retirement System of Alabama, to provide for special membership service, to define prior service and to provide procedures.

Be It Enacted by the Legislature of Alabama:

Section 1. The provisions of this Act shall be applicable to Class 2 municipalities as provided for in Act 79-263.

Section 2. Should any Class 2 municipality which has come under the provisions of § 36-27-1 through § 36-27-30, Code of Alabama 1975, as amended, employ one or more new employees previously employed by any other organizations which would qualify for the provisions of subsection (a) of § 36-27-6, the new employment being by virtue of assuming a governmen-

tal function performed by the immediately preceding employer, and which new employees are members of any retirement, pension, annuity fund or retirement system of their immediately previous employer, hereafter referred to as the local pension system, the participation of such new employees in the retirement system shall be approved as provided in § 36-27-6 as though such local pension system were not in operation, and the provisions of § 36-27-6 shall thereupon apply. However, any person entitled to be covered by the provisions of this Act who chooses to retain membership in the local pension system shall give written notice to this effect to the Mayor or Chief Executive Officer of the municipality prior to a date set by the Board and thereupon such employee shall be excluded from the provisions of this Act. Any cash and securities to the credit of the new employees in the local pension system shall be transferred to the retirement system as of the date of approval. The trustees or other administrative head of the local pension system as of the date of approval shall certify the proportion, if any, of the funds of the system that represents the accumulated contributions of the new employees and the relative shares of such members as of that date. Such shares shall be credited to the respective employee annuity savings accounts of such members in the retirement system as additional contributions. The balance of the funds transferred to the retirement system shall be offset against the accrued liability before determining the special accrued liability contribution to be paid by the employer as provided by subsection (f) of § 36-27-6 and of this Act. Any employee covered under the provisions of this Act entitled to purchase membership service credit for military service shall make the required lump sum payment for the period up to the date from which prior service is computed no later than the date of approval by the Board of the employee's participation in the retirement system, or by such other date that the Board may set; payments due for such membership service credit for military service for the period subsequent to the prior service credit date shall be included in the employer's accrued liability. Prior service credit for each employee shall be computed from the date of employment by the preceding employer or, if such employees are covered by any civil service or merit system, from the date from which annual leave benefits are determined; provided, however, that if any employee has broken service and had withdrawn contributions from the local pension system, then the prior service credit shall be reduced by the period for which contributions were withdrawn from the local pension system. The operation of the local pension system as to the new employees shall be discontinued as of the date of approval.

Section 3. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 4. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

And the substitute was adopted.

Was taken up.

The question was then on the adoption of the substitute reported by the Standing Committee on Local Legislation No. 1, said committee substitute being as follows:

A BILL
TO BE ENTITLED
AN ACT

Relating to Calhoun County; levying an additional sales tax paralleling the state sales tax provided for in Sections 40-23-1, 40-23-2, 40-23-3 and 40-23-4, Code of Alabama 1975, as amended, providing for the collection, distribution and use of the proceeds of such tax; providing for the enforcement of this act by the state department of revenue; prescribing penalties and fixing punishment for violation of this act; and providing for the termination date.

Be It Enacted by the Legislature of Alabama:

Section 1. The provisions of this act shall only apply to Calhoun County.

Section 2. All words, terms, and phrases as defined in Sections 40-23-1, 40-23-2, 40-23-3 and 40-23-4 of the Code of Alabama 1975, as amended, providing for the levy of a state sales tax shall, wherever used in this act, have the same meanings respectively ascribed to them in said sections, except where the context herein clearly indicates a different meaning. In addition, the following words, terms, and phrases where used in this act shall have the following respective meanings except where the context clearly indicates a different meaning:

“State sales tax statutes” means Sections 40-23-1, 40-23-2, 40-23-3 and 40-23-4 of the Code of Alabama 1975, as amended, which levy a certain retail sales tax, and include all statutes, including amendments to said sections, which expressly set forth any exemptions from the computation of the tax levied by said sections and all other statutes which expressly apply to, or purport to affect, the administration of said sections and the incidence and collection of the tax imposed therein;

“State sales tax” means the tax imposed by the state sales tax statutes;

“Month” means the calendar month;

“County” means Calhoun County.

Section 3. Effective July 1, 1984, there is hereby levied and imposed in addition to all other taxes, including municipal gross receipts license taxes now imposed by law, a special county one cent (\$.01) privilege license tax paralleling the state sales tax, such privilege license tax to be determined by the application of rates against gross sales or gross receipts, as the case may be, and within specified areas.

Said additional one cent (\$.01) tax imposed by this act shall terminate on December 31, 1985.

There are exempted, however, from the provisions of this section and from the computation of the amount of the additional tax imposed in this section, the gross receipts of any business and the gross proceeds of all sales which are presently exempted under the state sales tax statutes from the computation of the amount of the state sales tax. Provided, however, it is intended that the sales of machinery used in mining and manufacturing, automotive vehicles or truck trailers, semitrailers or house trailers and farm machinery as described by subsections (3) and (4) of section 40-23-2 and section 40-23-37, Code of Alabama 1975, shall be taxed at an amount of $\frac{1}{4}$ of the one cent (\$.01) additional tax imposed by this act.

Section 4. The one cent (\$.01) sales tax authorized to be levied in Section 3 of this act shall be due and payable in monthly installments on or before the twentieth day of the month next succeeding the month in which the tax accrues. All taxes levied in this act shall be paid to and collected by the state department of revenue at the same time and along with the collection of the state sales tax. On or prior to the due dates of the tax herein levied each person subject to such tax shall file with the state department of revenue a report or return in such form as may be prescribed by the department, setting forth, with respect to all sales and business transactions that are required to be used as a measure of the tax levied, a correct statement of the gross proceeds of all such sales and gross receipts of all such business transactions. Such report shall also include such other items of information pertinent to the said tax and the amount thereof as the state department of revenue may require. Any person subject to the tax levied may defer reporting credit sales until after their collection, and in the event such person so defers reporting them, such person shall thereafter include in each monthly report all credit collections made during the month preceding, and shall pay the tax due thereon at the time of filing such report. All reports or returns filed with the state department of revenue under this section shall be available for inspection by the Calhoun County Commission, or its designated agent, at reasonable times during business hours.

Section 5. Each person engaging or continuing within Calhoun County in a business subject to the tax levied in Section 3 of this act, shall add to the sales price or admission fee and collect from the purchaser or the person paying the admission fee the amount due by the taxpayer on account of said sale or admission. It shall be unlawful for any person subject to the tax levied to fail or refuse to add to the sales price or admission fee and to collect from the purchaser or person paying the admission fee the amount herein required to be so added to the sale or admission price and collected from the purchaser, and it shall likewise be unlawful for any person subject to said tax to refund or offer to refund all or any part of the amount so collected or to absorb or advertise directly or indirectly the absorption or refund of said tax or any portion thereof.

Section 6. The tax imposed by this act shall constitute a debt due Calhoun County and may be collected as provided by law. The said tax,

together with interest and penalties with respect thereto, shall constitute and be secured by a lien upon the property of any person from whom said tax is due or who is required to collect said tax. All of the provisions of the revenue laws of this state which apply to the enforcement of liens for license tax due this state shall apply fully to the collection of the tax herein levied, and the state department of revenue, for the use and benefit of Calhoun County shall collect such tax and enforce this act and shall have and exercise for such collection and enforcement all rights and remedies that this state or the department has for collection of the state sales tax. The state department of revenue shall have full authority to employ such special counsel as it deems necessary from time to time to enforce collection of the tax levied by this act, and to otherwise enforce the provisions of this act, including any litigation involving this act; and the department shall pay such special counsel such fees as it deems necessary and proper from the proceeds of the tax collected by it for Calhoun County.

Section 7. All provisions of the state sales tax statutes with respect to payment, assessment, and collection of the state sales tax, making of reports and keeping and preserving records with respect thereto, penalties for failure to pay the tax, the promulgation of rules and regulations with respect to the state sales tax, and the administration and enforcement of the state sales tax statutes, which are not inconsistent with the provisions of this act when applied to the tax levied in Section 3 of this act shall apply to the county tax levied under this act. The state commissioner of revenue and the state department of revenue shall have and exercise the same powers, duties and obligations with respect to the county tax levied under this act that are imposed on such commissioner and department, respectively, by the state tax statutes. All provisions of the state sales tax statutes that are made applicable by this act to the county tax levied under this act and to the administration and enforcement of this act are hereby incorporated herein by reference and made a part hereof as if fully set forth herein.

Section 8. The state department of revenue shall charge Calhoun County for collecting the special county tax levied under this act such amount or percentage of total collections as may be agreed upon by the commissioner of revenue and the Calhoun County Commission, but such charge shall not, in any event, exceed ten percent of the total amount of the special county tax collected in said county under this act. Such charge for collecting such special tax may be deducted each month from the gross revenues from such special tax before certification of the amount of the proceeds thereof due Calhoun County for that month. The commissioner of revenue shall pay into the state treasury all tax collected under this act, as such tax is received by the department of revenue, and on or before the first day of each successive month (commencing with the month following the month in which the department makes the first collection hereunder) the commissioner shall certify to the state comptroller the amount of tax collected under the provisions of this act and paid by him into the state treasury for the benefit of Calhoun County during the month immediately preceding such certification. Provided, however, that before certifying the amount of the tax paid into the state treasury for the benefit of Calhoun County during each month, the commissioner may deduct from the tax collected in said month the charge due the department for the collection of the tax for the county. It shall be the duty of the comptroller to issue his warrant each month payable to the county treasurer of Calhoun County in his official capacity in an amount equal to the amount so certified by the commissioner of revenue as having been collected for the use of the county. He shall then deliver to the Calhoun County Commission the balance remain-

ing. All revenues arising from the taxes herein levied shall be utilized for acquiring, constructing and equipping Calhoun County Jail.

Section 9. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 10. All laws or parts of laws which conflict with this act are hereby repealed.

Section 11. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law. Provided, however, on December 31, 1985, the provisions of this act shall terminate and this act shall become null and void and have no further effect.

And the substitute was adopted.

- (1) The amount of the check as recited in the complaint;
- (2) Whether the defendant has a prior criminal record of violations involving issuing worthless checks;
- (3) The number of checks previously received by the District Attorney on this particular defendant;
- (4) Whether the defendant has any worthless check charges pending; and
- (5) The strength of the evidence of intent to defraud the victim.

(b) Complaint withdrawals: If after filing a "complaint" with the Worthless Check Unit the victim wishes to withdraw the complaint for good cause, the victim shall satisfy the service charge of \$30.00 to the Worthless Check Unit for processing said complaint.

2. Notice: After approval of the complaint, a warrant may be issued by an appropriate warrant magistrate, and the warrant may be held by the Worthless Check Unit. After issuance of a warrant or upon approval of a complaint by the Worthless Check Unit, the Unit shall notify the individual charged with violating § 13A-9-13.1 of the Code of Alabama by issuing a notice to such individual that a warrant has been issued for his arrest or that a complaint has been received by the Worthless Check Unit. Said notice may be sent by mail. Such notice shall inform said accused that he may be eligible for deferred prosecution for violation of § 13A-9-13.1 by voluntarily surrendering himself to the Worthless Check Unit within 10 business days from the date of the notice.

3. Voluntary Surrender: Upon voluntary surrender, the accused may be presented with the warrant or complaint and prosecution of same may be deferred upon payment of restitution and the service charge for processing the check, to the Worthless Check Unit. Upon election by the Worthless Check Unit, the accused may sign a restitution agreement which shall contain the terms by which the restitution and the service charge may be paid.

4. Non-surrender: If, after receiving said notice, the accused shall not voluntarily surrender himself to the Worthless Check Unit with the ten (10) business days prescribed in said notice, said violation shall be prosecuted in accordance with applicable laws and procedures.

5. Fees and restitution:

(a) Definitions:

(1) Fees: The Worthless Check Unit of the Special Services Division of the District Attorney's Office may charge a service charge in the stated amount in the following circumstances.

(A) In those cases where the accused has been notified by mail that a warrant has been issued and same may be criminally prosecuted unless he voluntarily surrenders himself to the Worthless Check Unit within ten (10) business days from the date of said notice, and if such an accused voluntarily surrenders himself pursuant to said notice within the aforesaid ten (10) business days, the Worthless Check Unit may collect the sum of \$40.00 from the accused as a service charge for processing said check. This service charge shall be increased in the same dollar amount as the court cost

charged by the District Court of said judicial circuit for violations of § 13A-9-13.1 when said court cost shall be increased.

(B) In those cases when the accused does not appear within ten (10) business days from the date of the notice issued to the accused, or if no restitution agreement is made, or if the accused does not comply with the restitution agreement the case may be prosecuted in accordance with applicable laws and procedures. Upon appearance of said accused in the District or Circuit Court of said judicial circuit or the equivalent thereof and upon a finding of guilt or a plea of guilty, the Court shall order the accused to satisfy an addition service charge equal to 85% of the court cost levied by the Court for said offense. This amount shall not be in lieu of, but shall be in addition to, court costs assessed by the District or Circuit Court for said violation. Further, said service charge is to be disbursed pursuant to this act and shall not decrease any amounts allotted to any county or state agency from the court costs collected by the District or Circuit Court.

(2) Restitution: Restitution shall be defined as the face amount of any negotiable instrument (in the event of the issuance of a forged or altered instrument, restitution shall be in the amount to which the instrument was changed or altered), plus any amounts the victim may have been required to pay to a bank as a result of having attempted to process the worthless instrument.

(A) Upon filing a complaint with the Worthless Check Unit, the victim waives the right to collect restitution directly from the defendant.

(B) Restitution agreements: After an accused has been sent notification by mail of the warrant issued for his arrest and upon voluntarily surrendering himself to the Worthless Check Unit, the Worthless Check Unit may enter into a restitution agreement with the accused as to the terms by which the accused shall satisfy restitution and fees to the Worthless Check Unit. The terms of said restitution agreements shall be determined on a case by case basis by the Worthless Check Unit, but the duration of any said agreement shall be no longer than a period of six (6) months. No interest may be charged or collected on either restitution or fees charged. Said restitution agreement shall be signed by the accused and must be ratified by the Worthless Check Unit before it is effective. If the accused does not honor each term of the restitution agreement signed by him, the District Attorney's Office may proceed with the prosecution of the accused as provided by law.

(b) Collection and distribution:

(1) Restitution: Restitution shall be collected by the Worthless Check Unit and deposited into an account maintained solely for such purpose. The Worthless Check Unit shall, after a reasonable time for accounting and bookkeeping purposes, disburse to the victim all restitution collected with regard to the original complaint filed.

(2) If the victim cannot be located after a reasonable time and upon diligent efforts to locate same, the restitution due said victim shall be deposited into the Worthless Check Fund as herein provided.

(3) Fees: All fees or charges, other than court costs, collected by the Worthless Check Unit in accordance with this act shall be paid to the County Treasurer of said county in a fund to be known as the Worthless Check Fund.

Ninety-five (95) percent of funds collected pursuant to Section

1(B)5(a)(1)(A) of this Act shall be used and expended by the District Attorney to defray the reasonable expenses incurred by the Office of the District Attorney. The District Attorney is hereby authorized to requisition and expend these funds for those purposes. The treasurer of the county shall make disbursements of said funds upon requisition of the District Attorney. Provided further this paragraph shall not reduce the amount payable to the District Attorney under any local act, specifically Act 83-483. Five (5) percent of said funds shall be used by the county for the reasonable expenses incurred in the administration of said funds.

All of the funds collected pursuant to Section 1(B)5(a)(1)(B) and 1(B)5(a)(2) shall be deposited in the general fund of the county and shall be expended only for the reasonable and necessary expenses of law enforcement.

Section 2. This Act shall in no way prohibit or preclude the office of the District Attorney from proceeding with the prosecution of any violation of § 13A-9-13.1 as provided by applicable law and procedures heretofore enacted.

Section 3. If any provision of this Act shall be declared to be unconstitutional, the remaining provisions shall remain in full force and effect and shall not be declared void unless particularly declared unconstitutional.

Section 4. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 5. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

On motion of Rep. Johnson (Roy), the House concurred in and adopted

the Senate amendment to the bill, H. 598, said Senate amendment being as follows:

A BILL
TO BE ENTITLED
AN ACT

To provide that the department of economic and community affairs shall be the administrative state agency for contracts for sales of certain state property heretofore administered by the finance department; to provide for orderly transfer of certain properties and funds from the finance department to the department of economic and community affairs; to authorize the department of economic and community affairs to prescribe procedures, rules, and regulations for the administration of such contracts; to provide for collection of certain administrative fees associated with such contracts; to provide that said department shall be designated as the state agency for distribution of federally donated surplus property; to prescribe penalties for violations of this act; to provide for certain personnel for the department of economic and community affairs, and to specifically repeal Article 5, Chapter 16, Title 41, of the Code of Alabama 1975.

Be It Enacted by the Legislature of Alabama:

Section 1. (a) The director of the department of economic and community affairs shall be responsible for the distribution, transfer, or disposal of all surplus personal property owned by the state and all right, title, interest, and equity in said property shall be transferred to said department for such purpose. The director may delegate to the chief of the surplus property division such supervision and control of the distribution or disposal of the aforementioned state owned surplus personal property.

(b) The meaning of certain words as used in this act are as follows:

(1) Division—shall mean surplus property division of the department of economic and community affairs.

(2) Surplus Property—shall mean that property declared by the personal property management coordinator of each state department, bureau, board, commission or agency to be surplus and so designated in writing to the chief of the division. All real property owned by any state department, bureau, board, commission, agency or institution, and any subdivision thereof; including, but not limited to, real property owned by any state college, university, two year college, technical school, or other postsecondary institution of higher learning shall be handled in the manner provided in Title 41, Chapter 4, Section 3, Code of Alabama 1975, or such other provisions of law as may be appropriate but in no circumstance shall any law regarding real property acquired, owned or disposed of by the state or any subdivision thereof be amended, substituted or in other manner altered by this act.

(3) Eligible Agency—shall mean any city, county, board of education, volunteer fire department, civil defense agency or state department, board, bureau, commission or agency that is not found to be in violation of division rules and regulations during the 12 months immediately preceding the intended purchase.

(4) Coordinator—shall mean that officer or employee who shall be designated by the head of each department, board, bureau, commission, institution, corporation or agency of the state, in writing, to the division, to be the personal property management coordinator.

(c) The coordinator shall report to the surplus property division of the department of economic and community affairs any personal property declared surplus by his department, board, bureau, commission, institution, corporation, or agency and deliver said property to any place designated by the division to be the proper place for such delivery.

(d) The division shall be authorized to promulgate such administrative rules and regulations as deemed necessary including, but not limited to: (1) promotion of surplus property; (2) shipment of surplus property; (3) storage of surplus property; (4) length of retention of surplus property; (5) public auction of surplus property; (6) such other rules and regulations as, from time to time, may be determined to be necessary.

(e) The division shall have authority to sell surplus property at fair market value, as established by the division and set out in its published rules, to incorporated cities, counties, volunteer fire departments, boards of education, civil defense agencies and state departments, boards, bureaus, commissions, or agencies. Payment for purchases by any of the abovementioned entities shall be made within 72 hours after such purchase. If payment is not made with 72 hours after a purchase, then such purchase shall be declared void and the property may be sold to another purchaser.

Provided, however, the governing body of any municipality with a population of less than 5,000 shall be given preference on the disposal of all surplus motor vehicles owned by the State of Alabama except those motor vehicles transferred to other state agencies.

Said municipalities shall notify the division, in writing, of type motor vehicle needed. A list shall be maintained by the division of such needs on a first come, first served basis and will be used to notify the municipalities when needed vehicles become available. Any municipality so notified shall have 7 work days in which to reply to the notice and accept or refuse the available vehicle.

Section 2. (a) Surplus property shall be made available at such times and places as determined to be appropriate by the division for inspection and acquisition by those agencies determined to be eligible for such acquisition under criteria developed and published by the division.

(b) The division shall periodically publish a list of all surplus property held by it at the time of such publication.

(c) The published list shall be made available to all state departments, boards, bureaus, commissions, institutions, corporations, or agencies.

(d) The published list shall also be made available to all eligible counties, cities, boards of education, civil defense agencies, volunteer fire departments.

(e) The division will determine the manner in which the list of surplus personal property shall be published.

(f) The division shall not be authorized to handle or dispose of any regulated hazardous materials.

Section 3. (a) The division shall be authorized to collect fees for transfer, handling, shipping, classification, warehousing, bidding, destruction, scrapping, or other disposal of property and such other fees as may be deemed appropriate in order to insure the continued efficient operation of the surplus property function of the department.

(b) The division shall establish two accounts within the state treasury

for the operation of the surplus property function as follows: (1) The first account shall be known as the federal surplus property account into which all moneys received from the distribution of federally donated surplus property shall be deposited; (2) The second account shall be known as the state surplus property account into which all moneys received from the distribution of state owned surplus property and any funds appropriated from the state general fund for the operation of the surplus property function shall be deposited.

(c) Any moneys deposited into either of the aforementioned accounts may be expended from time to time by the department for operation of the surplus property function including, but not limited to, repairs, salaries, rent, travel, acquisition of exchange and surplus property, and all other necessary operating expenditures providing, however, that on September 30 any unencumbered moneys remaining in the state surplus property account, up to an amount equal to the operating expenses of the quarter ending on September 30, shall be set aside for use during the quarter beginning October 1 for the purposes heretofore stated and any remainder shall revert to the state general fund. The federal surplus property account shall be a perpetual account, and funds therein shall not revert to the state general fund.

Section 4. The following provisions of this section shall apply only to that property that has been held by the division for a period of not less than 60 days from the date said property is first published in the list of surplus property, as set out in Section 2(b), and not purchased by any agency as set out in Section 1(e) of this act.

(a) All contracts made by, or on behalf of, the state of Alabama, or any department, board, bureau, commission, institution, corporation, or agency thereof, of whatever nature for the sale or disposal of tangible personal property owned by the state of Alabama, other than (1) alcoholic beverages, (2) products of the Alabama Institute for Deaf and Blind, (3) barter arrangements of the state prison system, (4) books, (5) school supplies, (6) food, (7) property used in vocational projects, (8) livestock, (9) property owned by any state college or university not under the control of the board of education of the state of Alabama, which has trade-in value which may be credited against the cost of replacement property purchased in accordance with the Alabama competitive bid laws, and (10) types of property, the disposal of which is otherwise provided or by law or which, by nature, are incapable of sale by auction or bid, shall be let by free and open competitive public auction or sealed bids.

(b) Every proposal to make a sale covered by this section shall be advertised for at least two weeks in advance of the date fixed for receiving bids. Such advertisement shall appear at least once a week for two consecutive weeks in a newspaper of general circulation in the county where the sale is to be made, and a copy of such proposal shall simultaneously be posted on a readily accessible public bulletin board at the main office of the chief of the division. Advertisements for bids shall state the item or items to be sold, by class and description, where the property is located and the dates, time, and place the property may be inspected. The advertisements shall further state the date, time, and place of auction or opening of sealed bids, and no bid shall be received at any time after the time advertised.

(c) The bids shall be publicly taken or opened, in case of sealed bids, by the chief of the division and all bidders shall be entitled to be present in person or by representative.

(d) The award of the contract shall be made to the successful bidder within 72 hours after taking of the bids.

(e) The bid of the successful bidder so marked, as well as the bids of the unsuccessful bidders in the case of sealed bids, shall be placed on file open to public inspection and shall become matters of public record.

(f) If a successful bidder shall fail to accept award of a contract, then he shall be prohibited from bidding at any sale held by the division for a period of 12 months following such failure to accept.

(g) The chief of the division may sell all items by lot or by individual item, whichever method, in his opinion, will bring the highest return for the items so advertised.

(h) In the event all bids received are less than the estimated market value of the property, the chief of the division shall reject all bids and readvertise and rebid.

(i) Nothing herein shall be construed to prevent the chief of the division from contracting with the highest bidder for any type of property to sell to that bidder all of that type of property at his bid price during that fiscal year providing such possible arrangement was included in the initial request for bids.

(j) All property advertised under the provisions of this section shall be available for inspection during the normal state office hours and at whatever place advertised for at least 48 hours prior to sale.

(k) All property sold under the provisions of this section shall be paid for by the purchaser or his representative by cashier's check, bank draft, certified check, U. S. currency, or notarized bank letter stating that the holder may purchase surplus property and also stating a maximum amount, at the time of acceptance of bid and award of contract, and said removal shall be not later than seven days after the awarding of the contract; provided, however, that the time limit of seven days shall not be applicable to sales of standing timber.

(l) All proceeds from sales made under the provisions of this section shall be paid into the state treasury or other legally authorized depository to be credited to the proper fund as set out in Section 3(b) prior to final distribution as set out in Section 4(p).

(m) No officer or employee of the state of Alabama or any of its departments, boards, bureaus, commissions, institutions, corporations, or agencies shall act as agent for any bidder; provided, however, that such officers or employees shall not be excluded from bidding on or purchasing state property at public sale or sealed bid.

(n) Any sale of tangible personal property or standing timber of the state made in violation of the terms of this act shall be null and void, and the person or persons responsible for the violation shall be subject to liquidated damages of not less than \$1,000.00 nor more than \$10,000.00, which may be recovered for the state of Alabama by the attorney general by civil action in the circuit court of Montgomery County. Any moneys recovered by the attorney general under this section shall be equally divided between the office of the attorney general and the state general fund.

(o) The provisions of this act shall not apply to the sale of diseased, storm or fire-damaged timber, nor shall it apply to timber cut on rights-of-way or easements. Such timber may be sold or otherwise disposed of in such

manner as the commissioner of conservation and natural resources deems in the best interest of the state; provided, that no sale of diseased timber shall be made until the state forester shall certify that such timber is diseased, and such certification shall be in written form and filed with the director of finance.

(p) Whenever any surplus property that was purchased with either earmarked state funds or restricted federal funds is sold by the division, the proceeds from such sale, less administrative expenses, shall be deposited to the credit of the specific fund of the state department, commission, or agency from which the original purchase of such property was made within 30 days from receipt of said proceeds. If the source of the original purchase of the property was a general fund appropriation, then said sale proceeds, less any administrative fee, as set out in the rules authorized to be promulgated by the division, shall be credited to the account from which it was purchased. In no event shall the said administrative fee, as mentioned above, exceed twenty-five percent (25%) of the gross sale price.

(q) All educational and eleemosynary institutions, not exempted in Section 4(a), governed by a board of trustees or other similar governing body, the department of mental health, and state docks department shall be governed by the provisions of this act.

(r) Violation of any of the provisions of this act shall constitute a Class B misdemeanor punishable as prescribed by law.

Section 5. All personnel, including those on personal service contracts, working within the surplus property division of the department of economic and community affairs at the passage of this bill shall, by virtue of this section, be considered to meet the requirements of the department in terms of education, training, and experience and shall automatically be placed within the state merit system with permanent status with all the rights and privileges thereof and shall enjoy the same employment and retirement privileges and rights as the legislature may determine from time to time or as may be otherwise determined by law or administrative rule or regulation according to the rules and regulations of the personnel department of the state of Alabama. All new future employees of the surplus property division of the department of economic and community affairs shall be required to meet the requirements of the state merit system.

All present employees of the surplus property division of the department of economic and community affairs shall remain in their respective positions and continue to enjoy employment conditions including, but not limited to, salary range and advancement at a level no less than those enjoyed prior to the enactment of this bill. However, nothing herein shall be construed to prevent or preclude the removal of an employee for cause in the manner provided by law.

Section 6. All appropriations heretofore made to the finance department for administering the disposal of surplus property under Article 5, Chapter 16, of Title 41, of the Code of Alabama 1975, shall be transferred to the surplus property division of the department of economic and community affairs, along with all personnel, records, accounts, equipment and such other necessary things connected with the surplus property operation as determined by the finance director.

Section 7. The temporary state plan of operation for the state agency for federal property assistance which was approved by the governor of Alabama on July 14, 1977, and accepted by the general services administration

on September 14, 1977, shall become the permanent state plan of operation; provided, however, the division shall have authority, with approval of the governor, to revise said plan from time to time in accordance with regulations as established by the general services administration pursuant to Public Law 94-519 which governs the distribution of federal surplus property.

Section 8. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 9. All laws or parts of laws in conflict herewith are hereby repealed and the provisions of Article 5, Chapter 16, Title 41, of the Code of Alabama 1975, are hereby specifically repealed.

Section 10. This act shall become effective October 1, 1984.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has amended as therein shown and, as amended, has passed the following House Bill and returns same herewith to the House:

H. 454. To amend § 40-23-7, Code of Alabama 1975, so as to revise the payment schedule to require that payers of large State sales tax liabili-

ties will pay on an estimate basis during the period in which the tax liability accrues and to provide for distribution of the revenues.

McDOWELL LEE,
Secretary.

SENATE MESSAGE

On motion of Rep. Johnson (Roy), the House concurred in and adopted the Senate amendment to the bill, H. 454, said Senate amendment being as follows:

A BILL TO BE ENTITLED AN ACT

To amend § 40-23-7, Code of Alabama 1975, so as to revise the payment schedule to require that payers of large State sales tax liabilities will pay on an estimate basis during the period in which the tax liability accrues and to provide for distribution of the revenues.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 40-23-7, Code of Alabama 1975, is hereby amended as follows:

“The taxes levied under the provisions of this division, except as otherwise provided, shall be due and payable in monthly installments on or before the twentieth day of the month next succeeding the month in which the tax accrues.

On or before the twentieth of each month, every person on whom the taxes levied by this division are imposed shall render to the department of revenue, on a form prescribed by the department, a true and correct statement showing the gross sales, the gross proceeds of sales or gross receipts of his business, as the case may be, for the next preceding month; the amount of gross proceeds or gross receipts which are not subject to the tax, or are not to be used as a measurement of the taxes due by such person, and the nature thereof; together with such other information as the department may demand and require. At the time of making such monthly report such person shall compute the taxes due and shall pay to the department of revenue the amount of taxes shown to be due.

Any taxpayer liable for taxes under the provisions of this division whose average monthly state sales tax liability was \$1,000.00 or greater during the preceding calendar year shall make estimated payments to the department of revenue on or before the 20th day of the month in which the liability occurs as follows:

(a) The amount of the first estimated payment shall be sixty-six and two-thirds percent (66 $\frac{2}{3}$ %) of the taxpayer's actual tax liability for the same calendar month of the preceding year or sixty-six and two-thirds percent (66 $\frac{2}{3}$ %) of the current month's estimated liability.

(b) Any outstanding credit or deficit arising from the taxpayer's overpayment or underpayment of his final liability shall be applied to either increase or reduce, as the case may be, that month's final tax liability which shall be reported and paid not later than the twentieth of the month next succeeding the month in which the tax accrues.

(c) The revenues derived from the first month of receipts of the estimated payments made under the provisions of this section shall be depos-

ited to the credit of the State General Fund and for all succeeding months the revenues shall be deposited in accordance with § 40-23-35, Code of Alabama 1975.

(d) The provisions of this section shall not apply to the provisions of §§ 11-51-180, 11-51-200, and 40-12-4, Code of Alabama 1975.

When the total tax for which any person liable under this division does not exceed \$10.00 for any month, a quarterly return and remittance in lieu of the monthly returns may be made on or before the twentieth day of the month next succeeding the end of the quarter for which the tax is due when specially authorized by the department of revenue, and under such rules and regulations as may be prescribed.

The department of revenue, for good cause, may extend the time for making any return required under the provisions of this division, but the time for filing any such return shall not be extended for a period greater than 30 days from the date such return is due to be made."

Section 2. The provisions of this Act are severable. If any part of this Act is declared invalid or unconstitutional, such declaration does not affect the part which remains.

Section 3. This Act shall become effective on October 1, 1984.

And the bill:

S. 458. To create the Motor Fuel Marketing Act in order to protect Alabama's consumers against major oil company monopolies; to encourage fair and honest competition and to safeguard the public against unfair practices involving the sale of motor fuel in wholesale and retail trades; to provide for enforcement of the Act and penalties for violations; and for related purposes as well as to make certain declarations.

Was taken up.

SUBSTITUTE OFFERED

Rep. Johnson (Roy) offered the following substitute to the bill, S. 458:

A BILL TO BE ENTITLED AN ACT

To create the Motor Fuel Marketing Act in order to protect Alabama's consumers against major oil company monopolies; to encourage fair and honest competition and to safeguard the public against unfair practices involving the sale of motor fuel in wholesale and retail trades; to provide for enforcement of the Act and penalties for violations; and for related purposes as well as to make certain declarations.

Be It Enacted by the Legislature of Alabama:

Section 1. This act shall be known and may be cited as the "Motor Fuel Marketing Act."

Section 2. The Legislature makes the following findings with respect to the marketing of motor fuel in Alabama:

(a) Marketing of motor fuel is affected with the public interest.

(b) Unfair competition in the marketing of motor fuel occurs whenever costs associated with the marketing of motor fuel are recovered from other operations, allowing the refined motor fuel to be sold at subsidized prices. Such subsidies most commonly occur in one (1) of three (3) ways: when refiners use profits from refining of crude oil to cover below normal or negative returns earned from motor fuel marketing operations; where a marketer with more than one (1) location uses profits from one location to cover losses from below-cost selling of motor fuel at another location; and where a business uses profits from non-motor fuel sales to cover losses from below-cost selling of motor fuel.

(c) Independent motor fuel marketers (i.e., dealers, distributors, jobbers and wholesalers) are unable to survive predatory subsidized pricing at the marketing level by persons when all of an independent's income comes from marketing operations.

(d) Subsidized pricing is inherently predatory and is reducing competition in the petroleum industry, and if it continues unabated, will ultimately threaten the consuming public.

Section 3. It is hereby declared that marketing of motor fuel in Alabama is affected with the public interest. It is hereby declared to be the legislative intent to encourage fair and honest competition, and to safeguard the public against creation of monopolies or unfair methods of competition, in transactions involving the sale of, or offer to sell, or inducement to sell motor fuel in the wholesale and retail trades in this state. It is further declared that the advertising, offering for sale, or sale of motor fuel below cost or at a cost lower than charged other persons on the same marketing level with the intent of injuring competitors or destroying or substantially lessening competition is an unfair and deceptive trade practice. The policy of the state is to promote the general welfare through the prohibition of such sales. The purpose of the Motor Fuel Marketing Act is to carry out that policy in the public interest, providing for exceptions under stated circumstances, providing for enforcement and providing penalties.

Section 4. The following terms shall have the meanings ascribed to them in this section unless otherwise stated and unless the context or subject matter clearly indicates otherwise:

(a) "Person" shall mean any person, firm, association, organization, partnership, business trust, joint stock company, company, corporation or legal entity.

(b) "Motor Fuel" shall mean those products upon which the State Excise Tax levied, or defined, in Section 40-17-1 through 40-17-52 and 40-17-170, Code of Alabama 1975, as amended, is imposed.

(c) "Wholesaler" shall mean and include any person qualified as a wholesaler of motor fuel with the State Revenue Commissioner, and shall also mean and include any person, other than a buying pool defined herein, wherever resident or located, who brings or causes to be brought into this state motor fuel purchased directly from the manufacturer thereof.

(d) "Wholesale distribution" shall mean any person, or the act of any person, including any affiliate of such person, in commerce within the state, who purchases motor fuel for sale, consignment or distribution to another, or, receives motor fuel on consignment for consignment or distribution to his own motor fuel accounts or to accounts of his supplier, but shall not include a person who is an employee of, or merely serves as, a common carrier providing transportation services for such supplier.

(e) "Retailer" shall mean and include any person who is engaged in this state in the business of selling motor fuel at retail to the general public for ultimate consumption, and includes any group of persons, cooperative organizations, buying pools and any other person or group purchasing motor fuel on a cooperative basis from licensed distributors or wholesalers.

(f) "Buying pool" means and includes any combination, corporation, association, affiliation or group of retail dealers operating jointly in the purchase, sale, exchange or barter of motor fuel, the profits of which accrue directly or indirectly to such retail dealers.

(g) "Sale" or "sell" shall mean any transfer for a combination, exchange, barter, gift, offer for sale, advertising for sale, soliciting an order for motor fuel and distribution in any manner or by any means whatsoever.

(h) "Sell at wholesale," "sale at wholesale" and "wholesales" shall mean and include any sale made in the ordinary course of trade or usual conduct of the wholesaler's business to a retailer for the purpose of resale.

(i) "Sell at retail," "sale at retail" and "retail sales" shall mean and

include any sale for consumption or use in the ordinary course of trade or usual conduct of the seller's business.

(j) "Customary discount for cash" shall mean and include any allowance, whether a part of a larger discount or not, made to a wholesaler or retailer when such person pays for motor fuel within a limited or specified time.

(k) "Refiner" shall mean any person engaged in the production or refining of motor fuel, whether such production or refining occurs in this state or elsewhere, and includes any affiliate of such person.

(l) "Cost to refiner" shall mean that refiners' posted terminal price to the wholesale class of trade. In the event a refiner does not regularly sell to the wholesale class of trade at that terminal or does not post such a terminal price, it may use as its cost the posted price of any other refiner at any terminal within the general trade area which has products readily available for sale to the wholesale class of trade.

(m) "Competition" shall mean and include any person who competes with another person in the same market area at the same level of distribution.

(n) "Basic cost of motor fuel" shall mean whichever of the two (2) following amounts is lower, namely, (i) the invoice cost of motor fuel to the wholesaler or retailer, as the case may be, or (ii) the lowest replacement cost of motor fuel to the wholesaler or retailer, as the case may be, within five (5) days prior to the date of sale, in the quantity last purchased (whether within or before the said five-day period), less, in either of said two (2) cases, all trade discounts except customary discounts for cash, plus the full value of freight costs and any taxes which may be required by law, now in effect or hereafter enacted, if not already included in the invoice cost of the motor fuel to the wholesaler or retailer, as the case may be. In computing its basic cost of motor fuel, its cost of doing business and in meeting competition under Section 8 of this Act; a refiner that assesses a processing fee of any kind for credit card transactions must assess such fees in a like manner to its affiliates.

(o) "Cost to wholesaler" shall mean, as applied to wholesale distribution, the invoice or replacement cost of the motor fuel within five (5) days prior to the date of sale, in the quantity last purchased, whichever is less, less all trade discounts except customary discounts for cash, to which shall be added all applicable state, federal and local taxes, inspection fees, freight charges not otherwise included in the cost of motor fuel, cartage to the retail outlet, if paid by the wholesaler, plus the cost of doing business.

(p) "Cost to retailer" shall mean, as applied to retail sales, the invoice or replacement cost of the motor fuel within five (5) days prior to the date of sale, in the quantity last purchased, whichever is less, less all trade discounts except customary discounts for cash, to which shall be added all applicable state, federal and local taxes, inspection fees, freight costs, if paid by the retailer, plus the cost of doing business.

(q) "Cost of doing business" or "overhead expenses" shall mean and include all costs incurred in the conduct of business, including but not limited to: labor (including salaries of executives and officers), rent (which rent must be no less than fair market value based on current use), interest on borrowed capital, depreciation, selling cost, maintenance of equipment, transportation or freight cost, losses due to breakage or damage; credit card

fees, or other charges; credit losses, all types of licenses, taxes, insurance and advertising.

(r) "Transfer price" shall mean and include the price used by a person in transferring motor fuel to itself or an affiliate for resale at another marketing level. Such price shall be determined using standard, functional accounting procedures.

(s) "Affiliate" shall mean any person who (other than by means of franchise) controls, is controlled by, or is under common control with, any other person.

Section 5. All persons engaged in commerce in this state are required to disclose, upon request, their transfer prices on each grade of motor fuel transferred or sold to itself or an affiliate for resale at another marketing level of distribution. Such disclosure shall only be made to those persons affected by such transfer prices or in any legal proceedings arising from this Act.

Section 6. It shall be unlawful for any person engaged in commerce in this state to sell or offer to sell motor fuel below cost or to sell or offer to sell it at a price lower than the seller charges other persons on the same day and on the same level of distribution, within the same market area, where the effect is to injure competition.

Section 7. It shall be unlawful for any person engaged in commerce in this state to sell or transfer motor fuel to itself or an affiliate for resale at another marketing level of distribution at a transfer price that is below cost or lower than the price it charges a person who purchases for resale on the same day and at the same distribution level, within the same market area, where the effect is to injure competition.

Section 8. (1) It is not a violation of this Act if a difference exists between the transfer price or sales price of motor fuel of like grade and quality and the price charged to a person who purchases for resale at the same level of distribution, including any discounts, rebates, allowances, services, facilities granted any of a supplier's own marketing operations in excess of those provided to a person who purchases for resale at the same level of distribution, if the lower price is due to a cost differential incurred because of a difference in shipping method, transportation, marketing, sale or quantity, in which such motor fuel is sold.

(2) It is not a violation of this Act if any price is established in good faith to meet an equally low price of a competitor in the same market area on the same level of distribution selling the same or a similar product of like grade and quality or is exempt under Section 13 of this act.

Section 9. It shall be unlawful under this section:

(1) For any person engaged in commerce in this state to sell or offer to sell motor fuel at wholesale or retail, as the case may be, where the effect is to injure competition.

(2) For any person, where the effect is to injure competition, to offer a rebate, to give a rebate, to offer a concession of any kind in connection with the sale of motor fuel.

(3) For any retailer to induce or attempt to induce or to procure or attempt to procure the purchase of motor fuel at a price less than cost to wholesaler.

Any person who violates any provision of this section shall be subject to the provisions and penalties of this act.

Section 10. In all advertisements, offers for sale or sales involving two (2) or more items, at least one (1) of which items is motor fuel, at a combined price, and in all advertisements, offers of sale, or sales, involving the giving of any gift or concession of any kind whatsoever (whether it be coupons or otherwise), the wholesaler's or retailer's combined selling price shall not be below the cost to the wholesaler or the cost to the retailer, respectively, of the total of all articles, products, commodities, gifts and concessions included in such transactions, except that if any such articles, products, commodities, gifts or concessions, shall not be motor fuel, the basic cost thereof shall be determined in like manner as provided in item (n) of Section 4 of this act.

Section 11. When one wholesaler sells motor fuel to any other wholesaler, the former shall not be required to include in his selling price to the latter "cost to the wholesaler" as provided by Section 4 of this act, but the latter wholesaler, upon resale to a retailer, shall be subject to the provisions of said section.

Section 12. (1) The provisions of the Motor Fuel Marketing Act shall not apply to a sale at wholesale or a sale at retail made (a) in an isolated transaction and not in the usual course of business; (b) where motor fuels are advertised, offered for sale, or sold in a bona fide clearance sale for the purpose of discontinuing trade in such motor fuel, and said advertising, offer to sell, or sale shall state the reason thereafter and the quantity of such motor fuel advertised, offered for sale, or to be sold; (c) where motor fuel is advertised, offered for sale, or sold as imperfect or damaged, and said advertising, offer of sale or sale shall state the reason therefor and the quantity of such motor fuel advertised, offered for sale, or to be sold; (d) where motor fuel is sold upon the final liquidation of a business; or (e) where motor fuel is advertised, offered for sale, or sold by any fiduciary or other officer under the order or direction of any court.

(2) The notice required to be given under this section shall not be sufficient unless the subject of such sales is kept separate from other stocks and clearly and legibly marked with the reason for such sales, and any advertisement of such goods must indicate the same facts and the quantity to be sold.

Section 13. (1) Any wholesaler may advertise, offer to sell, or sell motor fuel at a price made in good faith to meet the price of a competitor who is rendering the same type service and is selling the same article at cost to the said competing wholesaler as defined in this act. Any retailer may advertise, offer to sell, or sell motor fuel at a price made in good faith to meet the price of a competitor who is selling the same article at cost to the said competing retailer as defined in this act. The price of motor fuel advertised, offered for sale, or sold under the exceptions specified in Section 12 of this act shall not be considered the price of a competitor and shall not be used as a basis for establishing prices below cost, nor shall the price established at a bankrupt sale be considered the price of a competitor within the purview of this section.

(2) In the absence of proof of the actual cost to the said competing wholesaler or the said competing retailer, as the case may be, such cost may be presumed to be the lowest cost to wholesalers or the lowest cost to retailers, as the case may be, within the same market area as determined by a cost survey made pursuant to subsection (2) of Section 15 of this act.

Section 14. Any contract, express or implied, made by any person in violation of any of the provisions of this act, is illegal and void and no recovery shall be had thereon.

Section 15. (1) In determining cost to the wholesaler and cost to the retailer, the court of jurisdiction shall receive and consider as bearing on the bona fides of such cost, evidence tending to show that any person complained against under any of the provisions of this act purchased the motor fuel involved in the complaint, at a fictitious price, or upon terms, or in such manner, or under such invoices, as to conceal the true costs, discounts or terms of purchase, and shall also receive and consider as bearing on the bona fides of such costs, evidence of the normal, customary and prevailing terms and discounts in connection with other sales of a similar nature in the market area.

(2) Where a cost survey pursuant to recognized statistical and cost accounting practices has been made for a market area in which a violation of this act is committed or charged, to determine and establish on the basis of actual existing conditions the lowest cost to wholesalers or the lowest cost to retailers within the said area, the said cost survey shall be deemed competent evidence in any action or proceeding under this act as tending to prove actual cost to the wholesaler or actual cost to the retailer complained against, but any party against whom any such cost survey may be introduced in evidence shall have the right to offer evidence tending to prove any inaccuracy of such cost survey or any state of facts which would impair its probative value.

Section 16. (1) Any person who violates this act shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000.00) per violation for each offense. Any such person shall also be liable for attorney fees and shall be subject to injunctive relief. Each day that a violation of this act occurs shall be considered as a separate violation.

(2) Such penalty may be assessed and recovered in a civil action brought by the Attorney General, or by any district attorney in any court of competent jurisdiction. If brought by a district attorney, the entire amount of the penalty shall be paid to the treasury of the county in which the judgment was entered. If brought by the Attorney General, one-half of the penalty shall be paid to the treasury of the county where the action was brought and one-half shall be paid to the State Treasury.

Section 17. (1) Any person injured by any violation, or who would suffer injury from any threatened violation, of this act may maintain an action in any court of equity jurisdiction to prevent, restrain, or enjoin such violation or threatened violation. If in such action a violation or threatened violation of this act shall be established, the court shall enjoin and restrain, or otherwise prohibit, such violation or threatened violation and, in addition thereto, the court shall assess in favor of the plaintiff and against the defendant the costs of suit, including reasonable attorney's fees. In such action it shall not be necessary that actual damages to the plaintiff be alleged or proved, but where alleged and proved, the plaintiff in said action, in addition to such injunctive relief and cost of suit, including reasonable attorney's fees, shall be entitled to recover from the defendant the damages sustained by him.

(2) A person injured as a result of an act or practice which violates this act may bring a civil action for appropriate relief, including an action for a declaratory judgment, injunctive relief, and for actual damages. Any actual damages found to have resulted from violations of this act shall be trebled

by the court in making its award. Any action under this subsection shall be brought within two (2) years after the alleged violations occurred.

(3) The court, in making an award under subsection (2) of this section, may award court costs and reasonable attorney's fees to the prevailing party.

(4) The courts of this state are empowered with jurisdiction to hear and determine all cases brought under this section. Venue lies in any county where the defendant or any of them resides or does business or where the cause of action accrues.

Section 18. In any action brought under Section 15, 16, or 17 of this act, upon a prima facie showing of a violation, the burden of rebutting the prima facie case thus made by showing justification shall shift to the defendant. A prima facie showing of a violation shall be constituted if the plaintiff shows:

(a) That the plaintiff's purchase price from a refiner or wholesaler is greater than said refiner's transfer price; or

(b) That the plaintiff's purchase price from a refiner or wholesaler plus the plaintiff's cost of doing business is greater than said refiner's or wholesaler's retail posted sales price; or

(c) That the plaintiff's basic cost of motor fuel plus the plaintiff's cost of doing business is greater than the posted sales price at a retail location of a competitor, within the plaintiff's marketing area, suspected of selling motor fuel in violation of this act.

Section 19. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 20. All laws or parts of laws which conflict with this act are repealed.

Section 21. This act shall become effective upon its passage and approval by the Governor, or upon its otherwise becoming law.

A BILL
TO BE ENTITLED

To provide that a local board of education may at its discretion allow a

sick leave bank for its employees to be established upon the request of such employees.

Be It Enacted by the Legislature of Alabama:

Section 1. A local board of education, upon the request of ten percent of its full time certificated and full time support personnel, may at its discretion establish a sick leave bank plan for each of the two groups.

Section 2. Each plan shall allow each employee to deposit an equal number of days not to exceed five (5) days of his or her earned sick leave into the bank. Such days so deposited shall then be available to be loaned to any participating employee whose sick leave has been exhausted.

Section 3. Upon agreement by a local board of education to establish a sick leave bank, the board shall enact policies providing for uniform administration of the sick leave bank. Proposed rules and regulations for the operation of the sick leave bank shall be jointly developed by a committee comprised of equal numbers of representatives of the employees and the local board of education. Following the development of the proposed rules and regulations, the committee shall submit said proposed rules and regulations to the employees and the local board of education for approval. The accounting and administration of the sick leave bank shall be the responsibility of the local school board. Vacancies occurring on the committee shall be filled by the respective parties. No representative on the committee shall serve for a term longer than five (5) years.

Section 4. The sick leave banks as may be established shall include the following regulations but shall not be limited only to these regulations; but no local school board shall adopt any regulation that conflicts with the general regulations:

(a) No employee shall be allowed to owe more than 10 days more than the employee has on deposit to the sick leave bank, unless over 50% of the participating members of the bank vote to extend said limit.

(b) Application for sick leave loans shall be developed by the committee.

(c) Upon the resignation or other termination of an employee who has an outstanding loan of sick leave days, said value of loan shall be deducted from the final pay check and at the prevailing rate.

(d) A contributing employee to the program shall not be allowed to accumulate more than 150 days, including days accumulated in the sick leave bank.

(e) Participation in the sick leave bank shall at all times be voluntary on the part of the employee.

(f) Any alleged abuse of the use of the sick leave bank shall be investigated by the committee and, on a finding of wrongdoing, the employee shall repay all of the sick leave credits drawn from the sick leave bank and be subject to other appropriate disciplinary action as determined by the local school board.

Section 5. All laws or parts of laws which conflict with this act are hereby repealed.

Section 6. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.
